NECK SIZING DIE SETS REDDING 20 NOSLER NECK DIE SET Safety Instruction Guide

Introduction

Thank you for choosing the Redding Neck Die Sets for your reloading needs. This guide provides essential safety instructions and information on the proper use and handling of the NECK SIZING DIE SETS REDDING 20 NOSLER NECK DIE SET. Please read this guide carefully to ensure safe and effective use of the product.

General Safety Guidelines

- Always use the product in accordance with the manufacturer's instructions.
- Keep the product out of reach of children and vulnerable individuals.
- Inspect the dies for any signs of damage or wear before each use.
- Wear appropriate personal protective equipment, such as safety glasses and gloves, when using the product.
- Ensure your workspace is clean, dry, and wellventilated to prevent accidents.
- Be aware of your surroundings and ensure no distractions while using the product.
- Report any unsafe product conditions or accidents to the relevant authorities.

Specific Safety Precautions for Use

• Hazard Identification:

- Risk of injury from sharp edges or moving parts.
- Risk of eye injury from metal fragments during resizing operations.
- Risk of improper ammunition which can lead to firearm malfunction.

• Avoiding Hazards:

- Always handle dies with care and avoid direct contact with sharp edges.
- Use the decapping rod assembly and neck expander button as per the instructions to minimize the risk of injury.
- Ensure that the seating die is properly adjusted to avoid overcrimping or undercrimping bullets.
- Do not attempt to modify or disassemble the dies beyond what is specified in the instructions.

Instructions for Installation and Usage

1. Installation:

- Ensure your reloading press is clean and free of debris.
- Insert the Neck Sizing Die into the press following the manufacturer's instructions.
- Secure the die in place and ensure it is properly aligned.

2. Usage:

- Carefully insert the cartridge case into the die.
- Operate the press to resize the neck of the cartridge case. Ensure the decapping rod is positioned correctly to avoid damage.
- For bullet seating, place the bullet into the cartridge case and adjust the seating die to the desired depth.
- After seating, check for proper crimping to ensure the bullet is securely held in place.

3. **PostUsage:**

- Clean the dies after use to prevent corrosion and maintain performance.
- Store the dies in a dry, secure location when not in use.

Disposal Instructions

- Dispose of any damaged or unusable components in accordance with local regulations.
- Do not dispose of the dies in regular household waste. Check with local waste management authorities for proper disposal methods.

Contact Information for Further Support

For any inquiries or further assistance regarding the NECK SIZING DIE SETS REDDING 20 NOSLER NECK DIE SET, please refer to the manufacturer's contact information provided on the packaging or product documentation.

Thank you for your attention to these safety instructions. We hope you enjoy using your Redding Neck Die Sets safely and effectively.
