

# SEATER DIES - REDDING 450 BUSHMASTER SEATING DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The Redding Seating Die includes bullet guide, built-in crimp ring and the proper seating plug. All dies are made using the finest alloy steels obtainable and machined on Hardinge Super-Precision lathes capable of holding the tightest tolerances in the industry. Heat treated in atmospherically controlled furnaces and hand polished for smooth, flawless functioning, these dies will maintain tolerances and last a lifetime. Inspected and ultrasonically cleaned before packaging.

# SEATER DIES REDDING 450 BUSHMASTER SEATING DIE Safety Instruction Guide

## Introduction

Thank you for choosing the SEATER DIES REDDING 450 BUSHMASTER SEATING DIE. This product is designed to provide reliable and precise bullet seating for your reloading needs. To ensure safe and effective use, please read and follow the safety instructions outlined in this guide.

## General Safety Guidelines

- Ensure that the die is used in accordance with all manufacturer instructions.
- Always wear appropriate safety gear, including safety glasses and gloves, when handling reloading equipment.
- Keep the die and all reloading components out of reach of children and unauthorized users.
- Regularly inspect the die for any signs of wear or damage before use.
- Follow local laws and regulations regarding the use and storage of reloading equipment and components.
- Report any unsafe products or accidents to the relevant authorities.

## Specific Safety Precautions for Use

- Only use the SEATER DIES REDDING 450 BUSHMASTER SEATING DIE with compatible cartridges (450 Bushmaster).
- Ensure that the die is securely mounted to the reloading press before use.
- Do not exceed the recommended load limits when using the die.
- Avoid placing hands or any body parts near moving parts during operation.
- Always doublecheck the seating depth and crimp before finalizing the reloaded cartridge.
- If you experience any issues during use, stop immediately and inspect the die for any malfunctions.

## Instructions for Installation and Usage

### 1. Installation

- Remove the die from its packaging and inspect it for any damage.
- Securely mount the die into your reloading press according to the manufacturer's instructions.
- Adjust the die to the desired seating depth as specified in your reloading data.

### 2. Usage

- Prepare your cartridge cases and ensure they are clean and free from obstructions.
- Insert the bullet into the cartridge case and place it in the die.
- Activate the reloading press to seat the bullet. Ensure that the press operates smoothly and without resistance.
- After seating the bullet, check the overall length of the cartridge to ensure it meets specifications.
- If necessary, make adjustments to the die for further seating operations.

## Disposal Instructions

- Dispose of any used or damaged reloading components and packaging in accordance with local regulations.
- Do not dispose of the die in regular household waste. Instead, follow local guidelines for recycling or hazardous waste disposal.

## **Contact Information for Further Support**

For any questions or concerns regarding the SEATER DIES REDDING 450 BUSHMASTER SEATING DIE, please reach out to your retailer or the manufacturer for assistance. Always ensure you have the product information ready for a more efficient support experience.

By following these safety instructions, you can ensure a safe and enjoyable reloading experience with the SEATER DIES REDDING 450 BUSHMASTER SEATING DIE. Thank you for prioritizing safety in your reloading practices.
