# Safety Instruction Guide for Redding 300 RCM Neck Die Set

## Introduction

Thank you for choosing the Redding 300 RCM Neck Die Set. This guide provides essential safety instructions to ensure the safe use of this product. Please read this document carefully before using the die set.

## General Safety Guidelines

- Ensure that you are familiar with the operation of reloading equipment before use.
- Always wear appropriate safety gear, including safety glasses and gloves, when handling reloading equipment and components.
- Keep the work area clean and organized to avoid accidents.
- Store all reloading components and tools out of reach of children and pets.
- Follow all local laws and regulations regarding the use of reloading equipment.

## Specific Safety Precautions for Use

- **Hazard Identification:**
  - The Neck Sizing Die Set is designed for reloading ammunition. Improper use can lead to accidents or injuries.
- **Avoiding Hazards:**
  - Do not exceed the recommended load specifications for the cartridges you are reloading.
  - Always doublecheck measurements and settings before beginning the reloading process.
  - Ensure that the die set is securely mounted to prevent movement during use.
  - Never attempt to modify or disassemble the dies beyond standard maintenance.
- **Age Specific Warning:**
  - This product is intended for use by individuals aged 18 and older. Keep out of reach of children.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure the reloading press is clean and free of debris.
- Attach the Neck Sizing Die to the reloading press according to the manufacturer's instructions.
- Insert the decapping rod assembly with the neck expander button into the Neck Sizing Die.
- Adjust the die height according to the specifications provided in the product manual.

### 2. Usage:

- Before starting, ensure all components are in good condition and free of defects.
- Follow these steps for reloading:
  - Prepare the brass cases by cleaning and inspecting them for defects.
  - Insert the brass case into the Neck Sizing Die.
  - Operate the press to size the neck of the case and decap the primer.
  - Remove the case and inspect it for proper sizing.
  - Repeat the process for additional cases as needed.
- After sizing, proceed with the reloading process, including powder charging and bullet seating.

## **Disposal Instructions**

- Dispose of any unused or defective reloading components in accordance with local regulations.
- Do not dispose of reloading materials in regular household waste. Check with local authorities for proper disposal methods.

## **Contact Information for Further Support**

For any safety inquiries or support regarding the Redding 300 RCM Neck Die Set, please reach out to the appropriate EU-based contact point for assistance.

Thank you for prioritizing safety while using the Redding Neck Die Set. Always remember to follow these guidelines to ensure a safe and enjoyable reloading experience.
