

# TRIM DIES - REDDING 38 SMITH & WESSON TRIM DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Redding Trim Dies allow you to file trim your cases without unnecessary resizing. Other manufacturers use sizing die dimensions, forcing you to full length resize when trimming. For case forming and necking brass down from another caliber, Redding Trim Dies can be the perfect intermediate step before full length resizing.

## Attributes

- Name: [REDDING 38 SMITH & WESSON TRIM DIE](#)

## TRIM DIE Safety Instruction Guide

### Introduction

Thank you for choosing the Redding Trim Dies for your reloading needs. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of this product. It is crucial to follow these instructions to minimize risks and ensure optimal performance.

### General Safety Guidelines

- **Product Safety:** Ensure safe use by adhering to all instructions provided in this guide.
- **Enhanced Recalls:** Stay informed about any recalls related to this product through official channels.
- **Online Shopping:** If purchased online, ensure the platform complies with safety regulations.
- **Special Consumer Focus:** Extra caution is advised for vulnerable groups, including children.
- **EU Contact Point:** For safety inquiries, refer to the designated EU contact point provided by the manufacturer.
- **Rapid Alerts:** Monitor the EU's Safety Gate platform for updates on unsafe products.

### Specific Safety Precautions for Use

- Always wear appropriate safety gear, such as safety glasses and gloves, when using reloading equipment.
- Ensure that the workspace is clean and free from obstructions to prevent accidents.
- Keep the Trim Die and all reloading components out of reach of children and pets.
- Do not exceed the recommended specifications for your reloading setup.
- Inspect the Trim Die before each use for any signs of wear or damage. Do not use if damaged.
- Avoid using the Trim Die in wet or damp conditions to prevent electrical hazards if applicable.
- Use the Trim Die only for its intended purpose as specified in the product documentation.

### Instructions for Installation and Usage

#### 1. Installation:

- Ensure your reloading press is compatible with the Redding Trim Die.
- Securely mount the Trim Die in the reloading press according to the manufacturer's instructions.
- Adjust the die to the appropriate position for your specific cartridge (38 S&W).

#### 2. Usage:

- Prepare your cases by cleaning and inspecting them before trimming.
- Insert the case into the Trim Die and follow the manufacturer's guidelines for operation.
- Trim cases to the desired length, ensuring consistency across all cases.
- After trimming, inspect cases for any irregularities or defects.

#### 3. PostUsage Care:

- Clean the Trim Die after each use to remove any debris or residue.
- Store the Trim Die in a dry place, away from direct sunlight and moisture.
- Regularly check the Trim Die for wear and replace it if necessary.

## **Disposal Instructions**

- Dispose of any defective or wornout Trim Dies in accordance with local regulations.
- Recycle materials when possible, and ensure that any hazardous materials are disposed of safely.

## **Contact Information for Further Support**

For any questions or concerns regarding the Redding Trim Dies, please refer to the manufacturer's website or contact the designated EU contact point for assistance. Always ensure that you have the latest information regarding safety and product updates.

By following these safety instructions, you can ensure a safe and effective experience with your Redding Trim Dies. Thank you for prioritizing safety in your reloading practices.
