## Upgrade the Mount on Your Scout Light

The Arisaka Inline Scout Mount makes replacing the clumsy Picatinny mount on your Surefire M300 or M600, Arisaka 300 and 600 series lights, and Streamlight Protac Rail Mount 1 and 2 lights a snap. The Inline Scout Mount uses the factory attachment points on the light body and keeps the light body only 0.2" above the mounting surface for the tightest possible fit. Arisaka also built a side to side adjustment of up to 0.12" from center to help you clear other accessories and get the light into the most optimal position possible. Color: Black Compatible with any light that has 'Scout' mounting points 7075 Aluminum construction Weight: 0.5 oz Arisaka's new version of the Inline Scout Mount for KeyMod is made from stronger 7075 aluminum and uses BCM's inverted KeyMod screws with twin recoil lugs giving you the most secure fit.

# INLINE SCOUT MOUNT KEYMOD Safety Instruction Guide

## Introduction

Thank you for purchasing the INLINE SCOUT MOUNT KEYMOD. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of the product. Please read this document carefully before installation and use.

## General Safety Guidelines

- Ensure that the product is used in accordance with the manufacturer's instructions.
- Always inspect the mount and light for any signs of damage before installation.
- Keep the product away from children and vulnerable individuals.
- Report any unsafe products or accidents to the relevant authorities.
- Stay informed about recall updates through the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- **Installation Safety:**
  - Only install the mount on compatible lights as specified in the product description.
  - Ensure the light is securely attached to avoid accidental dislodging during use.
- **Handling:**
  - Handle the mount and attached light with care to avoid injury.
  - Avoid applying excessive force when adjusting the mount.
- **Environmental Considerations:**
  - Use the product in suitable weather conditions to prevent damage.
  - Avoid exposure to extreme temperatures or moisture.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary tools for installation (if required).
- Ensure you are in a welllit area to facilitate proper installation.

### 2. Installation Steps:

- Identify the factory attachment points on your light body.
- Align the INLINE SCOUT MOUNT with the attachment points.
- Securely fasten the mount using the provided inverted KeyMod screws and twin recoil lugs.
- Ensure that the light is positioned only 0.2" above the mounting surface for optimal fit.
- Adjust the mount side to side, if necessary, to clear other accessories and achieve the best light position.

### 3. Usage:

- Once installed, test the stability of the mount and light before use.
- Regularly check the mount for tightness and stability during use.
- If you notice any looseness or instability, stop using the product immediately and recheck the installation.

## **Disposal Instructions**

- Dispose of the product in accordance with local regulations.
- Do not dispose of the product in regular household waste.
- Consider recycling materials where possible to minimize environmental impact.

## **Contact Information for Further Support**

For any safety inquiries or additional support regarding the INLINE SCOUT MOUNT KEYMOD, please refer to the manufacturer's contact points or consult the product packaging for further details.

By following these instructions and guidelines, you can ensure a safe and effective experience with your INLINE SCOUT MOUNT KEYMOD. Thank you for prioritizing safety and compliance with the EU General Product Safety Regulation.
