Safety Instruction Guide for HYBRID HP SUPERIOR PLATED 45 CALIBER (0.452") BULLETS

Introduction

Thank you for choosing Berry's Superior Plated Bullets. This guide provides essential safety instructions and guidelines for the proper use and handling of these bullets. It is crucial to follow these instructions to ensure safety and compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Always handle bullets with care and in accordance with local laws and regulations.
- Ensure that you are using the correct caliber and type of bullet for your firearm.
- Store bullets in a cool, dry place away from direct sunlight and moisture.
- Keep bullets out of reach of children and unauthorized persons.
- Regularly inspect your ammunition for any signs of damage or defects before use.
- Report any unsafe products or incidents to the appropriate authorities.

Specific Safety Precautions for Use

- Always wear appropriate safety gear, including eye and ear protection, when handling or firing firearms.
- Ensure that your firearm is in good working condition and properly maintained.
- Follow the manufacturer's recommendations for loading and firing ammunition.
- Do not exceed the recommended velocity of 825975 fps for these bullets.
- Be aware of your surroundings and ensure a safe shooting environment.
- Do not use damaged or defective bullets, as they may pose a safety risk.

Instructions for Installation and Usage

- Before using the bullets, read the firearm's manual to understand the proper loading and firing procedures.
- When loading the bullets into your firearm:
 - Ensure the firearm is pointed in a safe direction.
 - Open the action and verify that the firearm is unloaded.
 - Insert the bullets into the magazine or chamber as per the firearm's specifications.
 - Close the action securely before firing.
- When firing:
 - Maintain a firm grip on the firearm and ensure proper stance.
 - Always aim at a designated target, ensuring that there is a safe backstop.
 - Do not fire if the bullet does not fire after the trigger is pulled; wait at least 30 seconds before checking the firearm.
- After use, clean your firearm according to the manufacturer's recommendations to prevent lead fouling.

Disposal Instructions

- Dispose of any unused or damaged bullets in accordance with local regulations.
- Do not throw bullets in regular trash or recycling bins.
- Contact local waste management authorities for proper disposal methods.

Contact Information for Further Support

For any inquiries regarding safety or product information, please refer to the manufacturer's contact details provided with your product packaging.

By following these safety instructions, you can ensure a safe and enjoyable experience with Berry's Superior Plated Bullets. Always prioritize safety and compliance with applicable laws and regulations.
