[Rifle Parts](#) > [Muzzle Devices](#) > [Compensators & Muzzle Brakes](#)

## Provides Enhanced Control over Your Pistol-Caliber Carbine

Pistol-caliber carbines are popular options in today's firearm world, offering new options for inexpensive and low-recoil range training and close-quarters personal defense. Now, the VG6 Gamma 9mm Muzzle Brake makes recoil virtually non-existent. Machined from 17-4ph stainless steel, the VG6 Gamma 9mm Muzzle Brake is designed to attach to AR-15-style pistol-caliber carbines. The design of the brake incorporates a number of ports that are specifically designed for the gas outflow created by 9mm ammunition. This leads to a softer shooting experience and allows users to stay on-target during recoil for fast follow-up shots. Fits all 1/2-28 TPI threaded muzzles Weight: 2.1 ounces Surface hardness: 68RC Crush washer included for install

## Attributes

# Safety Instruction Guide for AR15 GAMMA 9MM MUZZLE BRAKE

## Introduction

Thank you for choosing the VG6 Precision AR15 Gamma 9mm Muzzle Brake. This product is designed to enhance your shooting experience by significantly reducing recoil, making it suitable for various applications including range training and personal defense. Please read this safety instruction guide carefully to ensure safe and effective use of your muzzle brake.

## General Safety Guidelines

- Always treat the firearm as if it is loaded.
- Ensure that you are familiar with the operation of your firearm before using this muzzle brake.
- Use only 9mm ammunition with this muzzle brake.
- Always wear appropriate safety gear, including eye and ear protection, when shooting.
- Keep the muzzle brake and firearm pointed in a safe direction at all times.
- Store the muzzle brake and firearm in a secure location, out of reach of children and unauthorized users.
- Regularly inspect the muzzle brake for any signs of wear or damage.

## Specific Safety Precautions for Use

- Ensure that the muzzle brake is properly installed before using your firearm.
- Do not attempt to modify the muzzle brake in any way.
- Avoid using the firearm in wet or humid conditions without proper maintenance.
- Be aware of your surroundings and ensure that the area is clear of people and obstacles before shooting.
- Follow all local, state, and national laws regarding the use of firearms and muzzle brakes.

## Instructions for Installation and Usage

### Installation

1. Ensure that your firearm is unloaded and pointed in a safe direction.
2. Remove the existing muzzle device (if applicable) from your firearm.
3. Clean the threads on the muzzle of your firearm to ensure proper installation.
4. Align the VG6 Gamma 9mm Muzzle Brake with the threads on your firearm.
5. Handtighten the muzzle brake onto the threads until snug.
6. Use a crush washer (included) to secure the muzzle brake in place, if necessary.
7. Check the alignment and ensure that the muzzle brake is securely attached before use.

### Usage

- After installation, ensure that the muzzle brake is properly aligned.
- Load your firearm with 9mm ammunition only.
- Fire the firearm in a controlled environment, following all safety guidelines.
- Monitor the performance of the muzzle brake during use and check for any unusual behavior or wear.

## Disposal Instructions

- Dispose of the muzzle brake in accordance with local regulations regarding metal and firearm accessories.
- If the muzzle brake is damaged or no longer functional, do not attempt to repair it; dispose of it safely.

## **Contact Information for Further Support**

For any safety inquiries, please consult the manufacturer's website or customer service for assistance. Ensure you have the product information available for a more efficient response.

## **Conclusion**

Your safety and the safety of others is paramount when using firearms and their accessories. By following these safety instructions, you can ensure a safe and enjoyable shooting experience with your VG6 Precision AR15 Gamma 9mm Muzzle Brake. Remember to stay informed about product recalls and safety updates by checking the EU's Safety Gate platform regularly.
