

AR .308 ATHENA LINEAR COMPENSATOR .308 - ULTRADYNE USA

ATHENA LINEAR COMPENSATOR .308/7.62 STAINLESS STEEL BLACK

[Rifle Parts](#) > [Muzzle Devices](#) > [Compensators & Muzzle Brakes](#)

Reduces Recoil & Report

Reduce your .308 Win. AR rifle's felt recoil easily with the Ultradynе Athena Linear .308 Compensator. CNC-machined from 416 stainless steel, the compensator is treated with an all-black salt-bath-nitride finish for enhanced durability and is designed to fit threaded muzzles measuring 5/8-24 TPI. Each compensator, in addition to fighting recoil, also works to reduce the report of your .308 rifle. The unit measures 1.7 inches long, 1.1 inches in diameter and weighs 4.6 ounces. Rated for .308/7.62x51 ammunition.

Safety Instruction Guide for the AR .308 Athena Linear Compensator

Introduction

Thank you for choosing the AR .308 Athena Linear Compensator. This guide provides essential safety instructions and information to ensure the safe use of this product. Please read this guide carefully before installation and use to minimize risks and ensure compliance with safety regulations.

General Safety Guidelines

- Ensure that you are familiar with the operation of your .308 Win. AR rifle before using the compensator.
- Always wear appropriate personal protective equipment (PPE), including eye and ear protection, when handling firearms.
- Keep the compensator and all firearm accessories out of reach of children and unauthorized users.
- Regularly inspect the compensator for signs of wear or damage before each use.
- Follow all local laws and regulations regarding the use and modification of firearms and firearm accessories.

Specific Safety Precautions for Use

- Do not exceed the recommended caliber specifications; the compensator is rated for .308/7.62x51 ammunition.
- Ensure the compensator is securely attached to the muzzle before firing.
- Avoid using the compensator with firearms that are not designed for .308 Win. or 7.62x51 ammunition.
- Be aware that the compensator is designed to reduce recoil and report but does not eliminate them entirely.
- Do not attempt to modify or disassemble the compensator, as this may compromise its safety and functionality.

Instructions for Installation and Usage

1. Installation:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Clean the muzzle threads of the rifle to remove any debris or residue.
- Align the compensator with the threaded muzzle (5/824 TPI) and handtighten it until secure.
- Use a wrench to tighten the compensator further, ensuring it is firmly in place but not overtightened to avoid damage.

2. Usage:

- Once installed, verify that the compensator remains secure before each use.
- When firing, maintain a firm grip on the firearm and be prepared for reduced recoil.
- After use, allow the compensator to cool down before handling, as it may become hot during operation.

Disposal Instructions

- Dispose of the compensator in accordance with local regulations for metal waste.
- If the compensator is damaged or no longer functional, do not attempt to repair it. Instead, follow appropriate disposal practices.

Contact Information for Further Support

For any safety inquiries or further assistance regarding the AR .308 Athena Linear Compensator, please refer to the manufacturer's website or contact their customer service directly.

By following these guidelines, you can ensure a safe and effective experience with your AR .308 Athena Linear Compensator. Always prioritize safety and compliance with local regulations when using firearm accessories.
