

# AR-15 EDT® SERIES TRIGGER ASSEMBLIES - HIPERFIRE AR-15/10 EDT® HEAVY GUNNER TRIGGER ASSEMBLY

[Rifle Parts](#) > [Triggers Parts](#) > [Triggers](#)

## Smooth, Consistent, Medium-Weight Pull - BIG Improvement Over G.I. Trigger

Hiperfire's EDT triggers give your AR-15 an upgraded single-stage trigger pull without sacrificing "mil-spec" reliability. All four Enhanced Duty Triggers deliver a medium pull weight of 4.5 or 5.5 lbs. - lighter than a plain G.I. trigger for sure, but safe enough for law enforcement, service rifle competition, and personal defense use. Mechanical advantage built into the EDT trigger geometry gives the lighter-than-mil-spec pull weight, while mil-spec hammer energy is preserved to ensure hard, positive primer strikes. Hiperfire coupled the lighter weight with an overall pull profile that is smooth and consistent, with a clean, decisive break, short over-travel, and a fast reset you can feel and hear, making the EDT a very comfortable "shooter's" trigger. Single-stage with minimal creep 2 interchangeable hammer springs for 4.5 or 5.5 lb. pull weight SwingFast Hammer Head™ gives unusually fast locktime Extra-power hammer spring for positive hammer strikes without increasing pull weight Self-cleaning - designed to allow debris to fall out to prevent jams & reset problems Fits small-pin (.153") AR-15 lower receivers & AR 308 rifles that use AR-15 triggers Hiperfire offers the EDT trigger in four configurations: Sharp Shooter is the base-model with features listed above and a curved trigger shoe. Heavy Gunner has the curved shoe and even heavier SwingFast hammer than the Sharp Shooter for ultra-reliable hammer strikes. The Designated Marksman has Hiperfire's Duplex Trigger Bow. Place your finger in a high position for a heavier pull and an extra measure of safety to prevent premature discharge under stress. Low position for precise, target-rifle control. Also has extra-weight Swingfast hammer. Enhanced Duty model is beefed up for full-auto select-fire AR-15 / M16 / M4 type rifles carbines; curved shoe. Hiperfire made the EDT trigger line all about choice: you get to choose the type of trigger pull profile that works best for you - without breaking the bank to do it.

## Attributes

- Name: [HIPERFIRE AR-15/10 EDT® HEAVY GUNNER TRIGGER ASSEMBLY](#)
- Manufacturer: [HIPERFIRE](#)
- Product no.: 100029409
- Mfr. No.: EDTHG
- Style: Single-Stage
- Weapon type: AR-15
- Delivery weight: 0.104kg
- Shipping height: 25mm
- Shipping width: 102mm
- Shipping length: 178mm
- UPC: 859177004386

## Item details

Made in USA

US export classification: 0A501.c

# Safety Instruction Guide for AR15 EDT® Series Trigger Assemblies

## Introduction

Thank you for choosing the Hiperfire AR15 EDT® Series Trigger Assemblies. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of your product. Please read this manual carefully before installation and use.

## General Safety Guidelines

- Product Safety:** Ensure safe use of the trigger assemblies by following the instructions provided. This product is designed for use with AR15 and AR10 platforms only.
- Enhanced Recalls:** Stay informed about any product recalls. If you receive a recall notice, follow the instructions provided for returning or replacing the product.
- Online Shopping:** When purchasing online, ensure that the seller complies with safety regulations and provides clear product information.
- Special Consumer Focus:** This product is not intended for use by children. Keep out of reach of minors.
- EU Contact Point:** For any safety inquiries regarding this product, please contact the designated EUbased customer service.
- Rapid Alerts:** Stay updated on product safety alerts through the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Installation:** Ensure that the trigger assembly is installed by a qualified gunsmith or experienced individual to prevent improper installation that may lead to malfunction.
- Testing:** After installation, conduct a function test in a safe environment to ensure the trigger operates correctly before using the firearm in live conditions.
- Handling:** Always treat your firearm as if it is loaded. Keep the muzzle pointed in a safe direction at all times.
- Maintenance:** Regularly inspect the trigger assembly for wear and tear. Clean as per the manufacturer's recommendations to ensure optimal performance.
- Environment:** Avoid using the trigger assembly in extreme conditions (e.g., excessive moisture, dirt) that may lead to malfunction.
- Storage:** Store your firearm securely and ensure that the trigger assembly is not accessible to unauthorized users.

## Instructions for Installation and Usage

### 1. Installation Steps:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Disassemble the lower receiver of the AR15 or AR10 as per the manufacturer's guidelines.
- Remove the existing trigger assembly carefully.
- Install the Hiperfire EDT® trigger assembly by following the reverse steps of the disassembly, ensuring all components are seated correctly.
- Use the provided tools to secure the assembly, ensuring no loose parts remain.
- Reassemble the lower receiver and conduct a function check.

### 2. Usage Instructions:

- Familiarize yourself with the trigger pull weight (4.5 or 5.5 lbs) and adjust your grip and finger placement accordingly.

- Practice dry firing in a safe environment to get accustomed to the trigger's feel and reset.
- Always follow standard firearm safety protocols when handling and using the firearm equipped with the trigger assembly.

## **Disposal Instructions**

- Dispose of the product responsibly according to local regulations regarding firearms and firearm accessories.
- Do not dispose of the trigger assembly in regular household waste. Instead, take it to a designated recycling or hazardous waste facility.

## **Contact Information for Further Support**

For any further assistance or inquiries regarding the Hiperfire AR15 EDT® Series Trigger Assemblies, please consult the manufacturer's website or contact customer support directly.

By adhering to these safety guidelines and instructions, you can ensure safe and effective use of your Hiperfire AR15 EDT® Series Trigger Assemblies. Thank you for your attention to safety and responsible firearm ownership.
