

AR-15 HIPERGRIP® PISTOL GRIPS - HIPERFIRE AR-15 HIPERGRIP® STANDARD PISTOL GRIP POLYMER BLACK

[Rifle Parts](#) > [Grip Parts](#) > [Pistol Grips](#)

Enhanced Grip Geometry Gives More Comfortable Hold, Better Control of Rifle

AR-15 HIPERGRIP® PISTOL GRIPS The Hipergrip™ from Hiperfire® is an ergonomically enhanced replacement for your AR-15's pistol grip that gives you a more comfortable hold and better control than the one-size-fits-all A2 grip. Designed to rest comfortably in the hand without putting unnatural strain on the wrist, the Hipergrip™ promotes a natural, unstrained trigger finger position that helps you maintain better trigger control. Made from an advanced molded hard polymer, the Hipergrip™ comes in a smooth-textured Standard model. The polymer is hard enough that ALL models can be modified with the careful use of abrasive tools to fit a specific user's hand. Features Add flash to your rifle with colorful Hiperfire® logo or go totally subdued. Pronounced ridge protects the safety selector lever. Compatible with ambidextrous safety selectors. Fits any AR-15, M16, M4, or AR 308 lower receiver that takes a mil-spec A2 grip. Grip screw & washer included. As an added feature, the Hiperfire® design team put a pronounced ridge on the Hipergrip™ to protect the safety selector lever from accidental activation or de-activation, while also accommodating an ambidextrous selector lever. Install a Hipergrip™ today and enjoy a closer, more productive relationship with your MSR!

Attributes

Safety Instruction Guide for AR15 HIPERGRIP® PISTOL GRIPS

Introduction

Thank you for choosing the AR15 HIPERGRIP® PISTOL GRIPS from Hiperfire®. This guide provides essential information regarding the safe use, installation, and maintenance of your new pistol grip. Please read this guide carefully to ensure safe handling and optimal performance of your product.

General Safety Guidelines

- Ensure that the product is suitable for your specific firearm model before installation.
- Always handle firearms with care and follow all safety protocols associated with firearm operation.
- Keep the pistol grip and all firearm components away from children and unauthorized users.
- Regularly inspect the grip for any signs of wear or damage. Replace if necessary.
- Do not use the grip if it has been modified in a way that could compromise its safety.
- Report any unsafe conditions or incidents to the appropriate authorities.

Specific Safety Precautions for Use

- Use the grip only with compatible firearm models: AR15, M16, M4, or AR 308 lower receivers that accept a milspec A2 grip.
- Ensure proper installation of the grip screw and washer to avoid any loosening during use.
- Be aware of the pronounced ridge on the grip, which is designed to protect the safety selector lever from accidental activation.
- Avoid using abrasive tools on the grip unless necessary for fitting, and exercise caution during modification to prevent injury.
- Maintain a firm and stable grip while operating the firearm to ensure control during use.

Instructions for Installation and Usage

Installation Instructions

1. **Preparation:** Ensure that the firearm is unloaded and safe to handle.
2. **Remove the Old Grip:** If replacing an existing grip, carefully remove the grip screw and detach the old grip from the lower receiver.
3. **Align the New Grip:** Position the AR15 HIPERGRIP® onto the lower receiver, ensuring it is aligned correctly.
4. **Secure the Grip:** Insert the grip screw through the washer and tighten it into the grip to secure it firmly to the receiver. Avoid overtightening, which could damage the grip.
5. **Check Fit:** Ensure that the grip is securely attached and does not wobble or loosen.

Usage Instructions

- Hold the firearm with a firm grip on the HIPERGRIP® to maintain control during shooting.
- Position your trigger finger in a natural, unstrained position to enhance trigger control.
- Familiarize yourself with the grip's features, including the ridge protecting the safety selector lever.

Disposal Instructions

- Dispose of the AR15 HIPERGRIP® PISTOL GRIPS in accordance with local regulations regarding plastic waste and firearm components.
- If the grip is damaged beyond use, ensure that it is disposed of in a manner that prevents accidental use.

or harm.

Contact Information for Further Support

For any inquiries regarding safety, installation, or product performance, please reach out to the designated contact for Hiperfire® products in your region. Always ensure that you have the latest updates regarding product safety and recalls.

By following these guidelines, you can ensure the safe and effective use of your AR15 HIPERGRIP® PISTOL GRIPS. Thank you for your attention to safety and compliance with the EU General Product Safety Regulation.
