

# VTAC PES ULTRA LIGHT SLINGS - VIKING TACTICS VTAC PES ULTRA LIGHT SLING METAL BUCKLE BLACK

[Shooting Accessories](#) > [Slings & Sling Swivels](#) > [Slings](#)

## Offers Popular Operation at a Lighter Weight

Expanding on the popular lineup of VTAC rifle slings, Viking Tactical developed its VTAC PES Ultralight Sling, which combines all of the standard features of the company's traditional sling lineup with a lighter-weight design that shaves essential ounces. The Viking Tactical VTAC PES Ultralight Sling is constructed from a unique lightweight material called Hypalon, a variant of Nylon that's much lighter while retaining strength and durability. The design is water-resistant and can be had with several customizable options, based on user preference. Like the company's standard sling designs, each Viking Tactical VTAC PES Ultralight Sling is completely made in America.

# VTAC PES ULTRA LIGHT SLING Safety Instructions

## Introduction

Thank you for choosing the VTAC PES Ultra Light Sling by Viking Tactics. This safety instruction guide is designed to ensure the safe and effective use of your sling. Please read this guide carefully before using the product to familiarize yourself with important safety information and usage instructions.

## General Safety Guidelines

- Always inspect the sling for any signs of wear or damage before each use.
- Ensure that the sling is securely attached to your firearm before use.
- Do not exceed the recommended weight limit of the sling.
- Keep the sling away from children and unauthorized users.
- Do not modify the sling in any way, as this may compromise its safety and functionality.
- Store the sling in a cool, dry place when not in use to prevent deterioration.

## Specific Safety Precautions for Use

- Ensure that the sling is adjusted to fit your body securely but comfortably.
- Avoid using the sling in extreme weather conditions without proper precautions, as this may affect its performance.
- When using the sling, be aware of your surroundings and ensure that the firearm is pointed in a safe direction at all times.
- Do not use the sling as a climbing or lifting device.
- If you experience any discomfort while using the sling, discontinue use immediately.

## Instructions for Installation and Usage

### 1. Installation:

- Locate the attachment points on your firearm.
- Attach the sling to the front and rear sling attachment points securely.
- Ensure that the metal buckle is properly fastened and locked in place.

### 2. Adjustment:

- Adjust the sling length by sliding the adjustment straps until the sling fits comfortably.
- Test the adjustment by lifting the firearm to your shoulder to ensure proper fit.

### 3. Usage:

- When ready to use, ensure that the sling is properly adjusted for your body size.
- Use the sling to stabilize your aim by wrapping it around your arm or shoulder as needed.
- Always maintain control of your firearm while using the sling.

## Disposal Instructions

- Dispose of the sling responsibly. If the sling is damaged or no longer usable, follow local regulations for disposal of textile materials.
- Do not burn the sling, as it may release harmful substances.

## **Contact Information for Further Support**

For safety inquiries or additional support regarding the VTAC PES Ultra Light Sling, please refer to the EU contact point associated with the manufacturer.

Thank you for your attention to these safety instructions. Your safety and the safety of others is our priority.
