[Rifle Parts](#) > [Muzzle Devices](#) > [Compensators & Muzzle Brakes](#)

Built for Magnum Firearms

Keep the recoil of your magnum guns manageable with the addition of the Area 419 Sidewinder Magnum Muzzle Brake to your barrel. This unique design can be installed and timed easily, thanks to a unique design that surpasses any other brake setup on the market today. The Area 419 Sidewinder Magnum Muzzle Brake is built from the ground up to offer consumers an easy-to-install product that requires no shims or careful, time-consuming alignment to install. Simply torque the brake's collar to lock the unit into place. The nut turns independently of the brake ports, ensuring that you can keep the rearward-facing muzzle ports pointed in the direction you need while securing the Sidewinder into place. Matte-black or stainless-steel finish Heat-treated for durability Blue Loctite recommended for install The Area 419 Sidewinder Magnum Muzzle Brake is machined from 17-4PH stainless steel. Brakes are available in three different sizes.

Safety Instruction Guide for Area 419 Sidewinder Magnum Muzzle Brake

Introduction

Thank you for choosing the Area 419 Sidewinder Magnum Muzzle Brake. This product is designed to help manage the recoil of your magnum firearms, enhancing your shooting experience. Please read this safety instruction guide carefully to ensure safe and effective use of the muzzle brake.

General Safety Guidelines

- Always treat every firearm as if it is loaded.
- Ensure you are in a safe environment when handling firearms and related accessories.
- Follow all local laws and regulations regarding firearm use and accessories.
- Keep the muzzle brake and all firearms out of reach of children and unauthorized users.
- Regularly inspect the muzzle brake for wear or damage before each use.
- Report any unsafe products or incidents to the appropriate authorities.

Specific Safety Precautions for Use

- Ensure that the muzzle brake is compatible with your firearm's caliber and threading specifications.
- Always use the muzzle brake as intended; do not modify or alter it.
- Wear appropriate personal protective equipment (PPE), including eye and ear protection, when using firearms equipped with the muzzle brake.
- Be aware of your surroundings and ensure a clear shooting area before firing.
- Do not shoot if the muzzle brake is obstructed or damaged.
- Avoid using the muzzle brake in conditions where it might become overheated.

Instructions for Installation and Usage

1. Installation:

- Ensure your firearm is unloaded and pointed in a safe direction.
- Clean the barrel threads to remove any debris or old adhesive.
- Align the muzzle brake with the barrel's threads (3/424).
- Handtighten the muzzle brake onto the barrel.
- Use a torque wrench to tighten the brake's collar securely. Do not overtighten.
- Ensure the rearwardfacing muzzle ports are oriented correctly for your shooting position.

2. Usage:

- Always check that the muzzle brake is securely fastened before use.
- Fire the firearm in a safe environment, adhering to all shooting range rules and regulations.
- After use, allow the muzzle brake to cool before handling it.
- Regularly inspect the muzzle brake for any signs of wear or damage.

Disposal Instructions

- Dispose of the muzzle brake in accordance with local regulations.
- Do not dispose of the muzzle brake in regular household waste. Instead, take it to a designated recycling or hazardous waste facility if necessary.

Contact Information for Further Support
