

PERFECT DOT TRITIUM NIGHT SIGHTS FOR CANIK - CANIK TP9SFX/TP9SFL ORANGE FRONT & CLEAR SQUARE NOTCH REAR

[Handgun Parts](#) > [Sights](#) > [Sight Sets](#)

Nearly One-Third Brighter Than Standard Night Sights!

Night Fision's Perfect Dot sights for Canik TP9-series pistols feature design upgrades that make them brighter, more vivid, and more durable than traditional night sights. Like all night sights, Perfect Dots use self-illuminating Tritium to get the "always on" glow that makes them so effective. The difference is PDs have 30% MORE Tritium in them, so they are unusually bright. And the bold front sight draws the eye, encouraging fast, instinctive "Front Sight Focus" to keep your eyes on the target. The Tritium insert isn't surrounded by a painted-on ring, but rather one made of a daylight fluorescing material that produces optimum visibility in daylight. The result is what the Night Fision folks call the "Perfect Dot". Provides maximum visibility in both nighttime AND daylight conditions, so when the pressure is on, you'll locate your Canik TP9's sights quickly - and get them on target fast. Robust machined 4140 steel sight bodies - far stronger than the factory plastic Matte black Nitride finish - excellent wear- and corrosion-resistance Tritium vial has extra protection from knocks & dings Variety of front dot colors & rear notch configurations to choose from (see below) Sold as front/rear pairs only We are offering Perfect Dot sights to fit TP9SFL / TP9SFX pistols in the factory heights. A separate model fits TP9SA / TP9SF / TP9SF Elite Canik pistols. Options include a choice of Square or U-shaped rear notch in plain Black (no inserts) or with Tritium dots (Clear) on either side of notch. Front dot options include a choice of Orange or Yellow outline around the Tritium dot. Read the listings below carefully before ordering. With so many options available, you can fit your Canik TP9 with a "Perfect Dot" night sight configuration that's... perfect for you.

Safety Instruction Guide for Perfect Dot Tritium Night Sights for Canik TP9SFX/TP9SFL

Introduction

Thank you for choosing the Perfect Dot Tritium Night Sights for your Canik TP9series pistol. This guide provides important safety instructions and information to help you use and maintain your night sights effectively and safely. Please read this guide carefully to ensure safe usage and compliance with EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- **Product Safety:** Ensure safe use of the night sights by following all provided instructions. The product is designed for use with Canik TP9series pistols only.
- **Enhanced Recalls:** Stay informed about product recalls. If you receive notice of a recall, follow the instructions provided to remedy the situation.
- **Online Shopping:** When purchasing online, ensure that the seller complies with safety regulations. Verify the product details and seller reputation.
- **Special Consumer Focus:** This product is not intended for use by children. Keep out of reach of minors.
- **EU Contact Point:** For safety inquiries, refer to the contact information provided by your retailer or manufacturer.
- **Rapid Alerts:** Monitor the EU's Safety Gate platform for updates on product safety alerts.

Specific Safety Precautions for Use

- **Installation:** Only install the night sights on compatible Canik TP9series pistols. Ensure that the installation is performed by a qualified gunsmith if you are unsure of the process.
- **Handling:** Always handle your pistol with care. Treat all firearms as if they are loaded, and follow all standard firearm safety rules.
- **Visibility:** Ensure that the sights are properly aligned and visible in both daylight and nighttime conditions before use.
- **Maintenance:** Regularly inspect the sights for any signs of damage. If you notice cracks or other issues, replace the sights immediately.
- **Shooting Environment:** Be aware of your surroundings when using your firearm. Ensure that you are in a safe and controlled environment when aiming and firing.

Instructions for Installation and Usage

1. Installation:

- Ensure your pistol is unloaded before beginning the installation.
- Remove the factory sights using the appropriate tools.
- Align the Perfect Dot night sights with the dovetail cuts on your Canik TP9 and press them into place.
- Ensure the front sight is securely installed and properly aligned with the rear sight.
- If you are unsure about installation, seek assistance from a qualified gunsmith.

2. Usage:

- Practice using the sights in a safe environment to familiarize yourself with their function.
- Use the bold front sight for quick target acquisition. Focus on the front sight while aiming at your target.
- Adjust your shooting technique as necessary to accommodate the sight's design and features.

- Regularly practice to maintain proficiency with your firearm and sights.

Disposal Instructions

- **Disposal of Product:** When the night sights reach the end of their life or if you decide to replace them, dispose of them responsibly. Follow local regulations for disposing of firearm accessories.
- **Environmental Considerations:** Do not dispose of the product in regular household waste. Check for any specific disposal guidelines in your area to ensure compliance with environmental regulations.

Contact Information for Further Support

For further assistance or inquiries regarding the Perfect Dot Tritium Night Sights, please refer to the contact details provided by your retailer or manufacturer. They will be able to provide support and answer any questions you may have about the product.

By following these safety instructions, you can ensure that you are using your Perfect Dot Tritium Night Sights safely and effectively. Always prioritize safety and proper handling practices when using your firearm. Thank you for choosing our product, and enjoy your enhanced shooting experience.
