

# PERFECT DOT TRITIUM NIGHT SIGHTS FOR CANIK - CANIK TP9SF ELITE YELLOW FRONT & BLACK SQUARE NOTCH REAR

[Handgun Parts](#) > [Sights](#) > [Sight Sets](#)

## Nearly One-Third Brighter Than Standard Night Sights!

Night Fision's Perfect Dot sights for Canik TP9-series pistols feature design upgrades that make them brighter, more vivid, and more durable than traditional night sights. Like all night sights, Perfect Dots use self-illuminating Tritium to get the "always on" glow that makes them so effective. The difference is PDs have 30% MORE Tritium in them, so they are unusually bright. And the bold front sight draws the eye, encouraging fast, instinctive "Front Sight Focus" to keep your eyes on the target. The Tritium insert isn't surrounded by a painted-on ring, but rather one made of a daylight fluorescing material that produces optimum visibility in daylight. The result is what the Night Fision folks call the "Perfect Dot". Provides maximum visibility in both nighttime AND daylight conditions, so when the pressure is on, you'll locate your Canik TP9's sights quickly - and get them on target fast. Robust machined 4140 steel sight bodies - far stronger than the factory plastic Matte black Nitride finish - excellent wear- and corrosion-resistance Tritium vial has extra protection from knocks & dings Variety of front dot colors & rear notch configurations to choose from (see below) Sold as front/rear pairs only We are offering Perfect Dot sights to fit TP9SFL / TP9SFX pistols in the factory heights. A separate model fits TP9SA / TP9SF / TP9SF Elite Canik pistols. Options include a choice of Square or U-shaped rear notch in plain Black (no inserts) or with Tritium dots (Clear) on either side of notch. Front dot options include a choice of Orange or Yellow outline around the Tritium dot. Read the listings below carefully before ordering. With so many options available, you can fit your Canik TP9 with a "Perfect Dot" night sight configuration that's... perfect for you.

# Safety Instruction Guide for PERFECT DOT TRITIUM NIGHT SIGHTS FOR CANIK TP9SF ELITE

## Introduction

Thank you for choosing the Perfect Dot Tritium Night Sights for your Canik TP9SF Elite pistol. This guide provides essential safety instructions and information to ensure the safe and effective use of your night sights. Please read this manual carefully before installation and use.

## General Safety Guidelines

- Ensure that your night sights are compatible with your specific Canik TP9 model.
- Always handle your firearm safely and responsibly, following all local laws and regulations.
- Inspect your night sights regularly for any signs of damage or wear.
- Store your firearm and night sights in a secure location, out of reach of children and unauthorized users.
- If you notice any issues with your night sights, discontinue use immediately and seek assistance.

## Specific Safety Precautions for Use

- Avoid exposing your night sights to extreme temperatures or harsh chemicals, as this may affect their performance.
- Do not attempt to modify or disassemble the night sights, as this may compromise their safety and functionality.
- When using your firearm at night or in lowlight conditions, ensure that you are familiar with the operation of your night sights before engaging in any shooting activities.
- Always ensure your firearm is unloaded when installing or adjusting your night sights.
- Be aware that the Tritium used in the sights is a radioactive material, but it is contained safely within the sight. Do not attempt to break the vial.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure your firearm is unloaded.
- Remove the existing sights from your Canik TP9SF Elite according to the manufacturer's instructions.
- Align the Perfect Dot sights with the sight dovetails on your firearm.
- Secure the sights in place using the appropriate tools, ensuring they are firmly attached.

### 2. Usage:

- Familiarize yourself with the sight picture provided by the Perfect Dot sights.
- Practice aiming and shooting in both daylight and lowlight conditions to become accustomed to the sight's performance.
- Maintain focus on the front sight while aiming to enhance accuracy.

## Disposal Instructions

- Dispose of any damaged or worn night sights in accordance with local regulations for hazardous materials.
- Do not throw away night sights in regular household waste.
- Check with your local waste management facility for proper disposal methods for Tritium-containing products.

## **Contact Information for Further Support**

For any inquiries regarding safety, installation, or usage of your Perfect Dot Tritium Night Sights, please refer to the manufacturer's contact points. Ensure you have your product information handy for efficient assistance.

Thank you for prioritizing safety while using your Perfect Dot Tritium Night Sights. Enjoy enhanced visibility and accuracy with your Canik TP9SF Elite.
