

PERFECT DOT TRITIUM NIGHT SIGHTS FOR SIG SAUER - SIG P SERIES 40/45 YELLOW FRONT & BLACK SQUARE NOTCH REAR

[Handgun Parts](#) > [Sights](#) > [Sight Sets](#)

Extra-Bright & Easy-To-Acquire in ANY Light

Perfect Dot night sights for SIG Sauer P-series pistols from Night Fision use proven Tritium illumination technology in the front sight with a plus: 30% more Tritium for a much brighter, easier-to-locate dot! Paired with a plain black rear sight, the ultra-bright front sight grabs the eye's attention, encouraging instinctive "Front Sight Focus," so your eyes stay on the target. The Tritium insert isn't surrounded by a painted-on ring, but rather one made of a daylight fluorescing material that produces optimum visibility in daylight. The Night Fision folks call it the "Perfect Dot," which provides maximum visibility in both nighttime AND daylight conditions. When the pressure is on, you'll locate your SIG's sights quickly - and get them on target fast. Variety of front dot colors & rear notch configurations to choose from (see below)

Rugged machined 4140 steel sight bodies - far stronger than the factory plastic Tough black Nitride finish for outstanding wear- and corrosion-resistance Tritium vial has extra protection from knocks & dings Sold as front/rear pairs only Night Fision Perfect Dot night sights for SIG Sauer P-series pistols are available in two sizes, one to fit in SIGs chambered in 9mm Luger (9x19mm) / .357 SIG, the other for the .40 S&W / .45 ACP chambered P-series. Options include a choice of Square or U-shaped rear notch on the plain black rear sight, with a choice of Orange or Yellow outline around the Tritium front dot. You can fit your SIG with a "Perfect Dot" night sight configuration that's perfect for your needs.

Safety Instruction Guide for Perfect Dot Tritium Night Sights for SIG Sauer P Series

Introduction

Thank you for choosing the Perfect Dot Tritium Night Sights for your SIG Sauer P Series pistol. These night sights are designed to enhance your aiming accuracy in lowlight conditions. This guide provides important safety instructions and guidelines to ensure the safe use and installation of your night sights.

General Safety Guidelines

- Ensure that the product is suitable for your specific SIG Sauer P Series model.
- Always handle firearms and accessories responsibly and in accordance with local laws.
- Keep the night sights and any related tools out of reach of children and unauthorized users.
- Regularly inspect the night sights for any signs of wear or damage.
- If you notice any defects or issues, cease use immediately and contact the manufacturer for guidance.
- Follow all manufacturer instructions for installation and usage to avoid hazards.

Specific Safety Precautions for Use

- **Avoid Direct Eye Contact:** Do not look directly at the Tritium insert for extended periods. The Tritium illumination is designed for aiming and should not be viewed directly.
- **Installation Precautions:** Use appropriate tools and follow installation instructions carefully to prevent damage to the sights or your firearm.
- **Compatibility Check:** Ensure that the sights are compatible with your specific SIG Sauer P Series model to avoid improper fit and potential hazards during use.
- **Environmental Considerations:** Avoid exposing the night sights to extreme temperatures or harsh chemicals, as this may affect their performance and longevity.
- **Training:** If you are unfamiliar with using night sights or firearms, seek training from a qualified instructor before use.

Instructions for Installation and Usage

Installation Instructions

1. **Gather Required Tools:** Ensure you have the necessary tools for installation, including a sight pusher or appropriate screwdriver.
2. **Ensure Safety:** Before beginning installation, ensure your firearm is unloaded and pointed in a safe direction.
3. **Remove Old Sights:** If applicable, carefully remove the existing sights from your SIG Sauer P Series using the sight pusher or screwdriver.
4. **Install Front Sight:**
 - Align the front sight with the dovetail slot on the slide.
 - Press or screw the front sight into place until secure.
5. **Install Rear Sight:**
 - Align the rear sight with the dovetail slot on the slide.
 - Press or screw the rear sight into place until secure.
6. **Final Inspection:** Check that both sights are securely installed and properly aligned.

Usage Instructions

- **Aiming:** Use the ultrabright front sight for quick target acquisition in lowlight conditions.
- **Focus:** Practice maintaining "Front Sight Focus" to improve accuracy.
- **Regular Checks:** Periodically check the sights to ensure they remain securely attached and functional.

Disposal Instructions

- Dispose of the night sights in accordance with local regulations regarding hazardous materials.
- Do not attempt to disassemble the Tritium vial, as it contains radioactive material.
- Contact your local waste management authority for guidance on proper disposal methods.

Contact Information for Further Support

For any inquiries regarding safety, installation, or product issues, please refer to the manufacturer's website or customer service for assistance.

By following these safety instructions, you can ensure the safe and effective use of your Perfect Dot Tritium Night Sights. Thank you for prioritizing safety and accuracy in your shooting experience.
