

# PERFECT DOT TRITIUM NIGHT SIGHTS FOR SIG SAUER - SIG SAUER P SERIES 40/45 YELLOW FRONT & BLACK U NOTCH REAR

[Handgun Parts](#) > [Sights](#) > [Sight Sets](#)

## Extra-Bright & Easy-To-Acquire in ANY Light

Perfect Dot night sights for SIG Sauer P-series pistols from Night Fision use proven Tritium illumination technology in the front sight with a plus: 30% more Tritium for a much brighter, easier-to-locate dot! Paired with a plain black rear sight, the ultra-bright front sight grabs the eye's attention, encouraging instinctive "Front Sight Focus," so your eyes stay on the target. The Tritium insert isn't surrounded by a painted-on ring, but rather one made of a daylight fluorescing material that produces optimum visibility in daylight. The Night Fision folks call it the "Perfect Dot," which provides maximum visibility in both nighttime AND daylight conditions. When the pressure is on, you'll locate your SIG's sights quickly - and get them on target fast. Variety of front dot colors & rear notch configurations to choose from (see below) Rugged machined 4140 steel sight bodies - far stronger than the factory plastic Tough black Nitride finish for outstanding wear- and corrosion-resistance Tritium vial has extra protection from knocks & dings Sold as front/rear pairs only Night Fision Perfect Dot night sights for SIG Sauer P-series pistols are available in two sizes, one to fit in SIGs chambered in 9mm Luger (9x19mm) / .357 SIG, the other for the .40 S&W / .45 ACP chambered P-series. Options include a choice of Square or U-shaped rear notch on the plain black rear sight, with a choice of Orange or Yellow outline around the Tritium front dot. You can fit your SIG with a "Perfect Dot" night sight configuration that's perfect for your needs.

# Perfect Dot Tritium Night Sights Safety Instruction Guide

## Introduction

Thank you for choosing the Perfect Dot Tritium Night Sights for your SIG Sauer Pseries pistol. This guide provides essential safety instructions to ensure the proper use and maintenance of your night sights. Please read this document carefully to maximize your safety and the performance of your product.

## General Safety Guidelines

- Ensure that you are familiar with the operation and handling of your SIG Sauer Pseries pistol before installing or using the night sights.
- Always treat your firearm as if it is loaded, even when it is not.
- Keep the night sights clean and free from debris to maintain optimal visibility.
- Store the night sights in a dry place to prevent corrosion and damage.
- Regularly check the sights for any signs of wear or damage. If you notice any issues, do not use the sights until they have been inspected or replaced.
- Ensure that the night sights are installed correctly to avoid potential accidents or misalignment.

## Specific Safety Precautions for Use

- Use the night sights only in conjunction with SIG Sauer Pseries pistols. They are not designed for use with other firearms.
- Avoid exposing the night sights to extreme temperatures or harsh environments, which may affect their performance.
- Do not attempt to modify or disassemble the night sights, as this may compromise their safety and functionality.
- Be aware that Tritium is a radioactive material, but it is contained within the vial and poses minimal risk when the sights are used as intended. Do not attempt to break or open the vial.
- Keep the night sights out of reach of children and vulnerable individuals.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure that your firearm is unloaded before beginning the installation process.
- Remove the existing sights from your SIG Sauer Pseries pistol according to the manufacturer's instructions.
- Align the Perfect Dot Tritium Night Sights with the sight dovetails on your pistol.
- Securely fasten the sights in place, ensuring they are aligned properly for optimal accuracy.
- Doublecheck the installation to confirm that the sights are stable and secure.

### 2. Usage:

- When aiming, focus on the bright front sight dot to enhance your target acquisition.
- Practice using the night sights in various lighting conditions to become familiar with their performance.
- Regularly clean the sights to maintain visibility and functionality.

## Disposal Instructions

- Dispose of the Perfect Dot Tritium Night Sights in accordance with local regulations regarding electronic waste and hazardous materials.
- If the Tritium vial is damaged, handle with care. Consult local authorities for proper disposal methods to ensure safety and environmental compliance.

## Contact Information for Further Support

For questions or concerns regarding the Perfect Dot Tritium Night Sights, please refer to the manufacturer's website or customer service for assistance. Ensure you have your product details handy for efficient support.

By following these safety instructions, you can ensure the effective and safe use of your Perfect Dot Tritium Night Sights. Your safety is our priority. Thank you for your attention to these important guidelines.
