

# PERFECT DOT TRITIUM NIGHT SIGHTS FOR SIG SAUER - SIG P SERIES 9MM/357 ORANGE FRONT & BLK SQUARE NOTCH REAR

[Handgun Parts](#) > [Sights](#) > [Sight Sets](#)

## Extra-Bright & Easy-To-Acquire in ANY Light

Perfect Dot night sights for SIG Sauer P-series pistols from Night Fision use proven Tritium illumination technology in the front sight with a plus: 30% more Tritium for a much brighter, easier-to-locate dot! Paired with a plain black rear sight, the ultra-bright front sight grabs the eye's attention, encouraging instinctive "Front Sight Focus," so your eyes stay on the target. The Tritium insert isn't surrounded by a painted-on ring, but rather one made of a daylight fluorescing material that produces optimum visibility in daylight. The Night Fision folks call it the "Perfect Dot," which provides maximum visibility in both nighttime AND daylight conditions. When the pressure is on, you'll locate your SIG's sights quickly - and get them on target fast. Variety of front dot colors & rear notch configurations to choose from (see below) Rugged machined 4140 steel sight bodies - far stronger than the factory plastic Tough black Nitride finish for outstanding wear- and corrosion-resistance Tritium vial has extra protection from knocks & dings Sold as front/rear pairs only Night Fision Perfect Dot night sights for SIG Sauer P-series pistols are available in two sizes, one to fit in SIGs chambered in 9mm Luger (9x19mm) / .357 SIG, the other for the .40 S&W / .45 ACP chambered P-series. Options include a choice of Square or U-shaped rear notch on the plain black rear sight, with a choice of Orange or Yellow outline around the Tritium front dot. You can fit your SIG with a "Perfect Dot" night sight configuration that's perfect for your needs.

# Safety Instruction Guide for Perfect Dot Tritium Night Sights for SIG Sauer P Series

## Introduction

Thank you for choosing the Perfect Dot Tritium Night Sights for your SIG Sauer Pseries pistol. This guide provides essential safety instructions and general information to ensure safe and effective use of this product. Please read this manual carefully before installation and use.

## General Safety Guidelines

- Ensure that the product is suitable for your specific SIG Sauer Pseries model.
- Always handle firearms with care and follow standard firearm safety practices.
- Make sure to install the night sights in a welllit area to avoid accidents.
- Inspect the sights regularly for any signs of damage or wear.
- Keep the product out of reach of children and unauthorized users.
- Report any unsafe product experiences or accidents to the appropriate authorities.
- Check for recall updates on the EU's Safety Gate platform to stay informed about product safety.

## Specific Safety Precautions for Use

- Always ensure that your firearm is unloaded before attempting to install or adjust the night sights.
- Use appropriate tools and follow the installation instructions carefully to avoid damaging the sights or your firearm.
- Avoid using excessive force during installation, as this may compromise the integrity of the sights.
- Do not attempt to modify the night sights in any way, as this may affect their performance and safety.
- If you notice any unusual behavior or performance issues with the sights, discontinue use immediately and seek professional assistance.

## Instructions for Installation and Usage

### 1. Installation Instructions:

- Gather the necessary tools, including a sight pusher or appropriate screwdriver.
- Ensure your firearm is unloaded and pointed in a safe direction.
- Remove the existing sights from your SIG Sauer Pseries pistol according to the manufacturer's instructions.
- Align the Perfect Dot Tritium Night Sights with the sight dovetails on your firearm.
- Gently press or screw the sights into place, ensuring they are secure but not overly tightened.
- Confirm that the front sight is clearly visible and properly aligned with the rear sight.

### 2. Usage Instructions:

- Use the night sights in lowlight conditions to take full advantage of the Tritium illumination.
- Focus on the front sight to improve accuracy and target acquisition.
- Regularly check the sights for brightness and clarity, especially after extended use or exposure to harsh conditions.
- Practice using the sights at a shooting range to become familiar with their functionality.

## Disposal Instructions

- Dispose of the night sights in accordance with local regulations for electronic waste and hazardous materials.

- Do not dispose of the night sights in regular household waste.
- Contact your local waste management authority for guidance on proper disposal methods.

## Contact Information for Further Support

For any inquiries regarding the Perfect Dot Tritium Night Sights for SIG Sauer Pseries pistols, please refer to the manufacturer's website or customer support resources. Ensure you have the product details ready for efficient assistance.

By following the instructions and guidelines provided in this manual, you can ensure safe and effective use of your Perfect Dot Tritium Night Sights. Thank you for prioritizing safety and compliance with the EU General Product Safety Regulation.
