

PERFECT DOT TRITIUM NIGHT SIGHTS FOR SIG SAUER - SIG P SERIES 9MM/357 YELLOW FRONT & BLK SQUARE NOTCH REAR

[Handgun Parts](#) > [Sights](#) > [Sight Sets](#)

Extra-Bright & Easy-To-Acquire in ANY Light

Perfect Dot night sights for SIG Sauer P-series pistols from Night Fision use proven Tritium illumination technology in the front sight with a plus: 30% more Tritium for a much brighter, easier-to-locate dot! Paired with a plain black rear sight, the ultra-bright front sight grabs the eye's attention, encouraging instinctive "Front Sight Focus," so your eyes stay on the target. The Tritium insert isn't surrounded by a painted-on ring, but rather one made of a daylight fluorescing material that produces optimum visibility in daylight. The Night Fision folks call it the "Perfect Dot," which provides maximum visibility in both nighttime AND daylight conditions. When the pressure is on, you'll locate your SIG's sights quickly - and get them on target fast. Variety of front dot colors & rear notch configurations to choose from (see below)

Rugged machined 4140 steel sight bodies - far stronger than the factory plastic Tough black Nitride finish for outstanding wear- and corrosion-resistance Tritium vial has extra protection from knocks & dings Sold as front/rear pairs only Night Fision Perfect Dot night sights for SIG Sauer P-series pistols are available in two sizes, one to fit in SIGs chambered in 9mm Luger (9x19mm) / .357 SIG, the other for the .40 S&W / .45 ACP chambered P-series. Options include a choice of Square or U-shaped rear notch on the plain black rear sight, with a choice of Orange or Yellow outline around the Tritium front dot. You can fit your SIG with a "Perfect Dot" night sight configuration that's perfect for your needs.

Consumer Safety Instruction Guide for Perfect Dot Tritium Night Sights for SIG Sauer P Series

Introduction

Thank you for purchasing the Perfect Dot Tritium Night Sights designed for SIG Sauer Pseries pistols. These sights utilize advanced Tritium illumination technology to enhance your shooting experience in both lowlight and daylight conditions. To ensure safe and effective use of your night sights, please read and follow the safety instructions outlined in this guide.

General Safety Guidelines

- **Product Safety:** Ensure that the night sights are installed correctly to avoid any accidents during use. Regularly inspect sights for any signs of wear or damage.
- **Enhanced Recalls:** Stay informed about potential recalls or safety notices related to the product. Follow the manufacturer's instructions for any recall procedures.
- **Online Shopping:** When purchasing online, ensure that you buy from reputable sources that comply with safety regulations.
- **Special Consumer Focus:** Keep this product out of reach of children to prevent accidental injury.
- **EU Contact Point:** For safety inquiries, please refer to the manufacturer's contact information provided with your product.
- **Rapid Alerts:** Regularly check the EU's Safety Gate platform for updates on unsafe products.

Specific Safety Precautions for Use

- **Installation Precautions:** Only install the night sights on compatible SIG Sauer Pseries pistols. Ensure that the firearm is unloaded before beginning installation.
- **Usage Precautions:** Always maintain proper firearm safety practices. Use eye protection while handling firearms equipped with night sights. Be aware of your surroundings when using your firearm, especially in lowlight conditions.
- **Inspection:** Regularly check the Tritium vials for any signs of damage or malfunction. If you notice any issues, discontinue use immediately and seek assistance.

Instructions for Installation and Usage

Installation Instructions

1. **Gather Required Tools:** You may need a sight pusher tool or a small hammer and a punch for installation.
2. **Prepare Your Firearm:** Ensure your SIG Sauer Pseries pistol is completely unloaded. Remove the slide from the frame.
3. **Remove Existing Sights:** Use the sight pusher tool or punch to carefully remove the existing sights from the slide.
4. **Install the New Night Sights:** Align the Perfect Dot Tritium Night Sights with the sight dovetails on the slide. Gently tap them into place using the sight pusher or hammer and punch.
5. **Check Alignment:** Ensure that the front and rear sights are properly aligned for accurate aiming.
6. **Reassemble Your Firearm:** Once the sights are installed, reattach the slide to the frame of the pistol.

Usage Instructions

- **Using the Night Sights:** Focus on the bright front sight dot for improved target acquisition. Practice shooting in various lighting conditions to become familiar with the sights.
- **Maintenance:** Clean the sights gently with a soft cloth to remove any debris or fingerprints. Avoid using harsh chemicals that may damage the Tritium vials.

Disposal Instructions

- **Disposal of Product:** When disposing of the night sights, follow local regulations for the disposal of electronic waste. Do not dispose of the product in regular household waste.
- **Tritium Vial Disposal:** If the Tritium vials are damaged, contact local waste management authorities for proper disposal instructions.

Contact Information for Further Support

For any questions or concerns regarding the Perfect Dot Tritium Night Sights, please refer to the manufacturer's contact information provided with your product.
