Set Up the Perfect Sight Configuration for Your S&W Pistol

PERFECT DOT TRITIUM NIGHT SIGHTS FOR SMITH & WESSON® The Tritium front dots on Night Fision's Perfect Dot night sights for Smith & Wesson M&P® pistols are 30% than standard dots. That translates to 30% BRIGHTER front sights! Contrasted against the plain black rear sight, that bright front dot encourages a fast, instinctive "Front Sight Focus" that helps you keep your eyes on the target. The Tritium insert isn't surrounded by the typical painted-on ring, but rather one made of a daylight fluorescing material that produces optimum visibility in daylight. The result is what the Night Fision folks have dubbed the "Perfect Dot". Provides maximum visibility in both nighttime AND daylight conditions, so when the pressure is on, you'll locate your M&P's sights quickly - and get them on target fast. Features Robust machined 4140 steel sight bodies - far stronger than the factory plastic Matte black Nitride finish - excellent wear- and corrosion-resistance Tritium vial has extra protection from knocks & dings Sold as front/rear pairs only Night Fision Perfect Dot night sights for Smith & Wesson® pistols are available in two models: one for 9mm/.40 S&W chambered M&P, M&P M2.0, SD9 VE and SD40 VE pistols; the other model fits the M&P Shield in 9mm/.40/.45 ACP. Features a notch on the plain black rear sight, with a choice Orange Tritium front dot.

Safety Instruction Guide for Perfect Dot Tritium Night Sights

Introduction

Thank you for choosing Perfect Dot Tritium Night Sights for your Smith & Wesson® pistol. This guide provides essential safety instructions and usage guidelines to ensure your product's safe and effective use. Please read this document carefully before installation and use.

General Safety Guidelines

- Ensure that the product is installed correctly to avoid any accidents or malfunctions.
- Always handle your firearm with care, treating it as if it is loaded.
- Keep the night sights clean and free from debris to maintain optimal visibility.
- Regularly inspect the sights for any signs of damage or wear.
- Store your firearm and sights in a secure location, out of reach of children and unauthorized users.
- Report any unsafe products or accidents to the appropriate authorities.

Specific Safety Precautions for Use

- **Installation:** Only install the night sights on compatible Smith & Wesson® models as specified in the product description.
- **Visibility:** The Tritium front dot is designed for enhanced visibility in low light. Ensure that your sights are correctly aligned for optimal performance.
- **Age Restrictions:** This product is not intended for use by individuals under the age of 18. Always supervise younger users when handling firearms.
- **Maintenance:** Regularly check the Tritium vials for any signs of damage. If a vial is cracked or broken, discontinue use immediately.
- **Environmental Conditions:** Avoid exposing the sights to extreme temperatures or harsh chemicals, as this may affect their performance.

Instructions for Installation and Usage

1. Installation:

- Ensure that your firearm is unloaded and pointed in a safe direction.
- Use appropriate tools to remove the existing sights from your Smith & Wesson® pistol.
- Align the Perfect Dot Tritium Night Sights with the mounting points on your firearm.
- Secure the sights according to the manufacturer's instructions, ensuring they are firmly in place.

2. Usage:

- Familiarize yourself with the sight picture before using your firearm in a live setting.
- Practice using the sights in various lighting conditions to become accustomed to their performance.
- Maintain focus on the front sight when aiming, as this aids in quick target acquisition.

Disposal Instructions

- Dispose of any damaged or worn night sights in accordance with local regulations.
- If the Tritium vials are broken or leaking, handle with caution and contact local authorities for safe disposal methods.
- Do not dispose of the product in regular household waste. Follow your local waste management

guidelines for hazardous materials.

Contact Information for Further Support

For any questions or concerns regarding your Perfect Dot Tritium Night Sights, please refer to the manufacturer's website or contact their customer support for assistance. Ensure you have your product details ready for a quicker response.

By following these safety instructions, you can ensure a safer experience while using your Perfect Dot Tritium Night Sights. Thank you for prioritizing safety and responsible firearm handling.
