Safety Instruction Guide for AR15 Apollo Max Compensator 22 Caliber

Introduction

Thank you for choosing the Ultradyne Apollo Max Compensator 22 Caliber. This guide provides essential safety instructions and usage guidelines to ensure your safety and the optimal performance of your product. Please read this guide thoroughly before using the compensator.

General Safety Guidelines

- Ensure the compensator is compatible with your firearm before installation.
- Always handle firearms with care and follow all relevant safety protocols.
- Keep the compensator and all firearms out of reach of children and unauthorized users.
- Regularly inspect the compensator for signs of wear or damage.
- In case of any accidents or unsafe conditions, report them immediately to the appropriate authorities.
- Stay informed about product recalls and safety updates via the EU's Safety Gate platform.

Specific Safety Precautions for Use

- **Compatibility:**

- Only use the Apollo Max Compensator with .223/5.56 barrel threads $\frac{1}{2}$ 28.
- Not recommended for barrels shorter than 16 inches.

- **Installation:**

- Ensure the compensator is securely mounted before use.
- Use the provided shrouded timing nut to secure the compensator.

- **Handling:**

- Always treat your firearm as if it is loaded.
- Do not point the firearm at anything you do not intend to shoot.
- Wear appropriate eye and ear protection when using firearms equipped with the compensator.

- **Maintenance:**

- Regularly clean the compensator and inspect for any damage.
- Avoid using solvents or cleaners that may harm the finish of the compensator.

Instructions for Installation and Usage

1. Preparation:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Gather all necessary tools for installation.

2. Installation:

- Remove the existing muzzle device from your firearm's barrel.
- Clean the threads on the barrel to ensure a secure fit.
- Align the Apollo Max Compensator with the barrel threads.

- Handtighten the compensator onto the barrel.
- Use a wrench to securely tighten the compensator, ensuring it is snug but not overtightened.

3. Usage:

- Once installed, the compensator is designed to reduce recoil during firing.
- Always follow standard firearm safety practices when using your firearm.
- After use, check the compensator for any signs of loosening or damage.

Disposal Instructions

- Dispose of the compensator in accordance with local regulations.
- If the compensator is damaged or no longer usable, do not attempt to repair it. Instead, dispose of it responsibly.
- Check with local waste management authorities for proper disposal guidelines.

Contact Information for Further Support

For any inquiries related to safety or product information, please refer to the manufacturer's contact details provided with your product packaging.

By following these guidelines, you can ensure the safe and effective use of your Ultradyn Apollo Max Compensator 22 Caliber. Always prioritize safety and stay informed about best practices in firearm handling and maintenance.
