## Expand the Versatility Of Your Suppressor Ready Barrel

Got a suppressor or other muzzle device you want to use on two different guns, but the barrels aren't the same size? Not a problem! With the GrovTec Thread Protector Converter, you can take a suppressor made for larger barrels, and mount it on a smaller one. Easy to install, just screw the converter onto a 1/2"-28 muzzle, and then attach any device that fits a 5/8"-24 threaded barrel. Quick and no hassles! 1/2"-28 female to 5/8"-24 male One piece steel construction Black oxide finish GrovTec's Thread Protector Converter is the perfect solution for getting the full fun factor out of your guns. Works with a variety of muzzle devices including: suppressors, muzzle brakes, flash hiders, and many others.

# THREAD PROTECTOR CONVERTER 1/2" 28, 5/8" 24

## User Safety Instructions

### Introduction

Thank you for choosing the GrovTec Thread Protector Converter. This product is designed to allow the use of suppressors and other muzzle devices on firearms with different barrel thread sizes. To ensure safe usage and optimal performance, please read and follow these safety instructions carefully.

### General Safety Guidelines

- Ensure that the Thread Protector Converter is compatible with your firearm before installation.
- Always handle firearms and accessories with care and follow basic firearm safety rules.
- Keep the product out of reach of children and unauthorized users.
- Regularly inspect the product for any signs of wear or damage before use.
- If you encounter any issues with the product, discontinue use immediately and seek assistance.

### Specific Safety Precautions for Use

- Use the Thread Protector Converter only with compatible devices that fit 1/2"28 and 5/8"24 threads.
- Do not exceed the recommended torque when installing the converter to avoid damage.
- Ensure that the converter is securely attached before using any muzzle device.
- Avoid using the converter in extreme conditions (e.g., high temperatures, corrosive environments) that may affect its performance.
- If using with a suppressor, ensure that the suppressor is rated for use with your firearm.

### Instructions for Installation and Usage

#### 1. Preparation

- Ensure your firearm is unloaded and safe to handle.
- Gather necessary tools (if required) for installation.

#### 2. Installation

- Take the Thread Protector Converter and locate the 1/2"28 female end.
- Screw the converter onto the 1/2"28 muzzle of your firearm. Ensure it is handtightened securely.
- Next, locate the 5/8"24 male end of the converter.
- Attach your muzzle device (suppressor, muzzle brake, etc.) to the 5/8"24 male end of the converter. Again, ensure it is handtightened securely.
- Doublecheck that both connections are secure before proceeding to use your firearm.

#### 3. Usage

- After installation, you may use your firearm as intended. Follow all standard safety practices when handling firearms.
- Regularly check the connections during use to ensure they remain secure.

### Disposal Instructions

- Dispose of the Thread Protector Converter in accordance with local regulations.
- Do not dispose of the product in regular household waste if it is damaged or worn.
- Contact local waste management authorities for guidance on proper disposal methods.

## **Contact Information for Further Support**

For any questions or concerns regarding the GrovTec Thread Protector Converter, please refer to the contact details provided on the product packaging or visit the official website for more information.

By following these safety instructions, you can ensure a safe and enjoyable experience with your GrovTec Thread Protector Converter. Thank you for prioritizing safety and responsible usage.
