Elastic Shock Cords Reduce "Dead Weight" Feel

When you gotta move fast, GrovTec's Single Point Tactical Bungee Sling, with double shock cordage, helps ease the jarring impact between your shoulder and rifle. At its core, the sling has dual, 1-1/4" bungee cords that allow it to give and absorb the shock of fast movements, while the exterior nylon webbing keeps bouncing to a minimum and prevents noise when you're moving. Attaching the sling to your gun is a breeze with the non-reflective, push-button swivel. A quick release buckle lets you remove the weapon, yet still keep the sling around your body—ideal when getting in and out of a vehicle or transition to an unconventional shooting position. A second quick release buckle lets you ditch the entire sling in a hurry if it gets hung up on brush or a vehicle. Easy on/off over bulky tactical gear Heavy duty swivels, non-reflective manganese phosphate finish Side-release buckle for easy left or right handed carry Provides smooth control during aggressive action GrovTec's Single Point Tactical Bungee Sling comes with a heavy-duty, tri-glide nylon buckle that allows you to adjust sling size for wearing over a tactical vest and other bulky gear.

Bungee Sling Safety Instruction Guide

Introduction

Thank you for choosing the GrovTec Single Point Tactical Bungee Sling. This guide provides important safety information and instructions to ensure the safe use of this product. Please read this guide carefully before using the sling.

General Safety Guidelines

- Ensure the sling is used only for its intended purpose as a firearm accessory.
- Always inspect the sling for wear and damage before each use.
- Keep the sling away from children and unauthorized users.
- Follow local laws and regulations regarding the use of slings and firearms.
- In case of any malfunction, cease use immediately and consult a qualified professional.

Specific Safety Precautions for Use

- **Avoid Entanglement:** Be cautious of your surroundings to prevent the sling from getting caught on objects.
- **Proper Attachment:** Ensure the sling is securely attached to your firearm to avoid accidental release.
- **Adjust for Comfort:** Adjust the sling length for a comfortable fit, ensuring it does not interfere with your movements.
- **Use in Safe Environments:** Only use the sling in safe and controlled environments, away from crowds or potential hazards.
- **Monitor for Damage:** Regularly check for fraying or damage to the bungee cords and webbing.

Instructions for Installation and Usage

1. Attachment to Firearm:

- Locate the attachment points on your firearm.
- Use the nonreflective pushbutton swivel to securely attach the sling to the firearm.
- Ensure the attachment is tight and does not wobble.

2. Adjusting the Sling:

- Locate the triglide nylon buckle on the sling.
- Pull the webbing to adjust the length of the sling to your preferred size.
- Ensure the adjustment allows for smooth movement without excessive slack.

3. Using the Quick Release Buckles:

- To remove the firearm, press the siderelease buckle to detach the sling while keeping it around your body.
- If you need to remove the entire sling quickly, use the second quick release buckle.

4. Storing the Sling:

- When not in use, store the sling in a dry and cool place.
- Avoid exposing the sling to extreme temperatures or direct sunlight for prolonged periods.

Disposal Instructions

- Dispose of the sling in accordance with local regulations.
- If the sling is damaged beyond use, consider recycling the materials if possible.
- Do not dispose of the sling in regular household waste if it contains any hazardous materials.

Contact Information for Further Support

For safety inquiries or further information regarding the GrovTec Single Point Tactical Bungee Sling, please refer to the manufacturer's contact details provided on the packaging or the official website.

Conclusion

By following these safety instructions and guidelines, you can ensure a safer experience while using your GrovTec Single Point Tactical Bungee Sling. Always prioritize safety and responsible handling when using firearm accessories.
