

AR 308 MICULEK COMPENSATOR 30 CALIBER - BANG COMPENSATOR .308 REM 5/8-24 STEEL BLACK

[Rifle Parts](#) > [Muzzle Devices](#) > [Compensators & Muzzle Brakes](#)

Allows Faster Follow-Up Shots.

Want to shoot like Jerry Miculek? One key is having the right equipment on your AR-style .308 rifle, and the Miculek 30-Caliber Compensator is designed to fit all standard AR .308 rifles on the market, effectively reducing felt recoil and muzzle climb and allowing shooters to stay on-target easier, leading to faster follow-up shots. Each Miculek 30-Caliber Compensator is machined from 4140 steel and treated with a manganese-phosphate finish for durability. The design features six gas ports, three on each side, directing muzzle gases away from the shooter while softening the recoil impulse. The compensator fits all 5/8-24 TPI threaded muzzles and measures 15/16-inch in diameter and 2 3/8 inches in overall length. Total weight with the included locking nut is 3.7 ounces.

Attributes

- Name: [BANG COMPENSATOR .308 REM 5/8-24 STEEL BLACK](#)
- Manufacturer: [BANG](#)
- Product no.: 100030387

AR 308 MICULEK COMPENSATOR Safety Instruction Guide

Introduction

Thank you for choosing the AR 308 Miculek Compensator. This guide provides essential safety instructions and information to ensure the safe use and installation of your compensator. Please read this guide carefully before using the product.

General Safety Guidelines

- Always ensure that your firearm is unloaded before installing or handling the compensator.
- Use the compensator only on ARstyle .308 rifles that are compatible with 5/824 threaded muzzles.
- Keep the compensator and all firearm components out of reach of children and unauthorized users.
- Do not modify the compensator or attempt to disassemble it.
- Always wear appropriate eye and ear protection when shooting.
- Regularly inspect the compensator for any signs of wear or damage before use.
- Follow all local laws and regulations regarding firearm use and modifications.

Specific Safety Precautions for Use

- Be aware that the compensator is designed to reduce recoil and muzzle climb, but it does not eliminate them entirely.
- Ensure that you are familiar with the operation of your ARstyle .308 rifle before using the compensator.
- Do not shoot the firearm with the compensator installed if it shows any signs of damage.
- Avoid using the compensator in situations where excessive heat or pressure may be generated, as this could cause failure.
- Ensure that the area around you is clear of people and flammable materials when firing your rifle.

Instructions for Installation and Usage

1. Installation:

- Ensure that your firearm is unloaded and pointed in a safe direction.
- Remove any existing muzzle device from your rifle.
- Clean the muzzle threads to ensure proper installation.
- Align the compensator with the threaded muzzle, and screw it on clockwise until it is snug.
- Use a torque wrench to tighten the compensator to the manufacturer's specifications if available.
- Install the locking nut to secure the compensator in place.

2. Usage:

- After installation, perform a function check to ensure the compensator is securely attached.
- Fire your rifle in a controlled environment, following all safety precautions.
- Monitor the performance of the compensator during use, and check for any unusual sounds or movements.

Disposal Instructions

- Dispose of the compensator responsibly when it is no longer in use.
- Check local regulations regarding the disposal of firearm accessories.
- If the compensator is damaged, do not attempt to repair it. Instead, dispose of it in accordance with local waste disposal guidelines.

Contact Information for Further Support

For safety inquiries or additional support, please refer to the manufacturer's contact details provided with the product packaging. It is essential to have access to the manufacturer's support for any questions regarding safety or product performance.

Conclusion

By following these safety instructions, you can ensure the safe and effective use of your AR 308 Miculek Compensator. Remember that safety is paramount when handling firearms and their accessories. Always stay informed and adhere to best practices for firearm safety.
