

# LIGHTWEIGHT TACTICAL BOLT KNOB BLACK

[Rifle Parts](#) > [Bolt Parts](#) > [Charging Handle Parts](#) > [Charging Handles](#)

## Allows Faster Bolt Cycling

If you're looking for an easy way toward faster bolt cycling on your go-to Remington 700 or Savage Model 10 and 110 rifles, then look no further than the Liberty Suppressor Lightweight Tactical Bolt Knob. This action-enhancing design is machined entirely from aluminum and features an all-black anodized finish that is guaranteed to stand up to the elements. Each knob is threaded with 5/16-24 internal threads designed to fit on factory bolts from Remington and Savage Arms. The lightweight construction of the knob is purpose-built to enhance grip and streamline movement for faster follow-up shots in all kinds of conditions.

# Safety Instruction Guide for Lightweight Tactical Bolt Knob

## Introduction

Thank you for choosing the Liberty Suppressor Lightweight Tactical Bolt Knob. This guide provides essential safety instructions to ensure safe use and installation of the product. Please read this document carefully before using the product.

## General Safety Guidelines

- Ensure the product is compatible with your Remington 700 or Savage Model 10 and 110 rifles.
- Always check the bolt knob for any visible damage before installation.
- Keep the product out of reach of children and vulnerable individuals.
- Follow all local laws and regulations regarding firearms and accessories.
- Report any unsafe conditions or product malfunctions to the appropriate authorities.

## Specific Safety Precautions for Use

- Use the Lightweight Tactical Bolt Knob only for its intended purpose.
- Do not modify the bolt knob in any way, as this may compromise safety and functionality.
- Ensure that the knob is securely attached to the bolt before using the rifle.
- Avoid using excessive force when cycling the bolt to prevent damage to the knob or the rifle.
- Be aware of your surroundings and ensure a safe shooting environment at all times.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure the rifle is unloaded and pointed in a safe direction.
- Remove the factory bolt knob from your Remington or Savage rifle.
- Thread the Lightweight Tactical Bolt Knob onto the bolt, aligning the 5/1624 internal threads with the bolt.
- Tighten the knob securely by hand without using tools to avoid overtightening.

### 2. Usage:

- Practice cycling the bolt with the new knob in a safe environment before heading to the range.
- Maintain a firm grip on the knob while cycling to ensure smooth operation.
- Regularly inspect the knob for wear and tear, especially after extensive use.

## Disposal Instructions

- Dispose of the Lightweight Tactical Bolt Knob in accordance with local regulations.
- Do not throw the product in regular household waste.
- If the product is damaged or no longer in use, consider recycling it if possible.

## Contact Information for Further Support

For any questions or concerns regarding the Lightweight Tactical Bolt Knob, please reach out to the manufacturer or consult your retailer for assistance. Always refer to the official channels for the most accurate and up-to-date information.

Thank you for your attention to these safety guidelines. Proper use and care will help ensure a safe and enjoyable experience with your Lightweight Tactical Bolt Knob.
