

GRIP PLUG/TAKEDOWN TOOL FOR GLOCK® - TANGODOWN VICKERS TACTICAL GRIP PLUG/TAKEDOWN TOOL, GLOCK TAN

[Handgun Parts](#) > [Grip Parts](#) > [Grip Plugs](#)

The Vickers Tactical™ GGT01 offers some unique features for the Glock®. A stainless steel takedown tool is conveniently stowed in the pistol grip cavity. This enables the shooter to field strip the weapon for proper cleaning and maintenance. The unique shape of the tool acts as a 'ramp' and index point for rapid, accurate magazine insertion. The GGT01 seals off the grip cavity preventing dirt, sand, and mud from entering the trigger control components that could possibly disable the weapon. 300-series stainless steel tool is overmolded into a glass-filled nylon handle for years of rugged use. Fits Gen3 models only.

Safety Instruction Guide for GRIP PLUG/TAKEDOWN TOOL FOR GLOCK® TANGODOWN VICKERS TACTICAL GRIP PLUG/TAKEDOWN TOOL, GLOCK TAN

Introduction

Thank you for choosing the Vickers Tactical GGT01 Grip Plug/Takedown Tool for Glock®. This product is designed to enhance your shooting experience while ensuring safety and reliability. This guide provides essential safety instructions and operating procedures to ensure the safe use of the product in compliance with EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Ensure that the product is used only as intended and in accordance with the instructions provided.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for any signs of wear or damage. Do not use if damaged.
- Always store the product in a safe and dry place when not in use.
- Report any unsafe conditions or incidents to the appropriate authorities.

Specific Safety Precautions for Use

- Only use the Grip Plug/Takedown Tool with compatible Glock® models: 17, 19, 22, 23, 34, 35, 31, and 32 (Gen3 models only).
- Avoid using the tool in wet or muddy environments to prevent slipping.
- Do not apply excessive force when using the takedown tool to avoid damage.
- Always ensure the firearm is unloaded before attempting to use the takedown tool.
- Be aware of your surroundings and ensure that no one is in the vicinity when using the tool.

Instructions for Installation and Usage

1. Installation of Grip Plug:

- Ensure the firearm is unloaded.
- Remove the existing grip plug if applicable.
- Insert the Vickers Tactical Grip Plug into the grip cavity until it is securely in place.
- Ensure that the tool is stowed properly within the grip cavity.

2. Using the Takedown Tool:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Locate the takedown lever on your Glock®.
- Insert the stainless steel takedown tool into the appropriate position to assist in disengaging the takedown lever.
- Follow the manufacturer's instructions for field stripping your Glock®.
- Use the ramp feature of the tool to aid in magazine insertion.

3. Maintenance:

- Regularly clean the Grip Plug/Takedown Tool with a soft, dry cloth.
- Avoid using harsh chemicals or solvents that may damage the material.

Disposal Instructions

- Dispose of the product in accordance with local regulations.
- Do not dispose of the product in household waste.
- If the product is no longer usable, consider recycling components wherever possible.

Contact Information for Further Support

For any safety inquiries or additional support regarding the Vickers Tactical GGT01 Grip Plug/Takedown Tool for Glock®, please refer to the manufacturer's website or contact your local dealer for assistance.

By following these safety guidelines and instructions, you can ensure a safe and effective experience with your Vickers Tactical Grip Plug/Takedown Tool. Thank you for prioritizing safety in your shooting activities.
