

PERUN HOLSTERS - RAVEN CONCEALMENT SYSTEMS G19 PERUN HOLSTER BLACK

[Home](#)

The Raven Concealment Systems Perun is their flagship outside-the-waistband (OWB) holster. It is the result of blending the best features of two of our most popular holsters, the Eidolon and the Phantom, to create a highly refined, exceptionally concealable holster. The Perun is designed to be the best modular OWB "pancake" style holster on the market. It has a body-hugging design that rides high for maximum concealment. The body of the holster is only slightly larger than the pistol contained in it. This small size aids in concealment while also making the holster more comfortable while seated in a vehicle. The body-hugging curvature of this holster is accomplished using modular belt loops. Each holster includes three pair of 1.5" belt loops (LH 10 degree cant, RH 10 degree cant, and ambi 0 degree cant), which allow the end-user to configure the ambidextrous holster body for left-handed or right-handed use, with either a 0-degree or 10-degree cant. Retention in the Perun is crisp, defined, and consistent, thanks to innovative design features inside the holster body. The unique retention slider makes adjusting retention as simple as turning up the volume on your stereo. And unlike other holsters that use the traditional "screw through a rubber grommet" style of retention, the Perun's retention will not back off after repeated drawing and re-holstering. The Perun is compatible with most slide-mounted red-dot optics (like the Aimpoint T-1, Trijicon RMR, etc.) and accommodates suppressor-height front sights up to .350" tall. It is also fully compatible with the RCS Balor optic mount. The Glock Perun is compatible with generation 3-5 Glock pistols. The Perun is compatible with all small frame 9mm, .40S&W, and .357sig Glocks. Example, The Glock 17 Perun will fit the corresponding standard full sized pistols such as the .40 G22 and .357 G31. The Glock 19 Perun will fit the corresponding compact sized pistols such as the .40 G23 and .357 G32. Raven Concealment Systems also has Surefire X300U A/B and Streamlight TLR-1HL light compatible Perun LC models available for Glocks. Both the Glock Perun LC for Surefire X300U A/B, and the Glock Perun LC for Streamlight TLR-1HL holsters are compatible with generation 3-5 Glock 9mm/.40S&W/.357 Glock pistols (up to Glock 34/35 length slide) with the weapon light attached. For example, this holster will accommodate a Glock 19, Glock 17, or Glock 34 with the weapon light mounted on it. The muzzle-end of the holster is rounded for comfort, yet has an opening sufficient to accommodate most common after-market extended and threaded barrels (with thread protectors). The opening at the muzzle is also specifically designed to allow foreign objects (like spent casings) to drop out the bottom so that nothing can block your pistol from being safely re-holstered. The ambidextrous holster body has both inboard and outboard full-height body shields. These body shields offer some protection for your pistol from sweat, as well as protecting your skin and cover garments (especially the thin material used for linings in sport coats and suit jackets) from being abraded by the serrations on the rear of the slide. They also enhance safety by helping keep cover garments and other foreign objects from falling into the mouth of the holster while you have your pistol drawn, and aid in proper, safe muzzle orientation during re-holstering. The holster is injection molded from a proprietary, extremely high-strength polymer blend that is significantly more durable than Kydex or Boltaron. Like all RCS products, it is made in the USA, and is backed by our lifetime warranty.

Attributes

- Name: [RAVEN CONCEALMENT SYSTEMS G19 PERUN HOLSTER BLACK](#)
- Manufacturer: [RAVEN CONCEALMENT SYSTEMS](#)

Safety Instruction Guide for PERUN HOLSTERS RAVEN CONCEALMENT SYSTEMS G19 PERUN HOLSTER BLACK

Introduction

Thank you for choosing the PERUN HOLSTERS RAVEN CONCEALMENT SYSTEMS G19 PERUN HOLSTER BLACK. This guide provides essential safety instructions and guidelines to ensure the safe use and handling of the holster. Please read this document carefully before using the product.

General Safety Guidelines

- Ensure that the holster is compatible with your firearm model before use.
- Always keep the holster and your firearm in a safe location, away from children and unauthorized users.
- Regularly inspect the holster for any signs of wear or damage. Do not use a damaged holster.
- Follow all local laws and regulations regarding firearm carry and holstering procedures.
- Always treat your firearm as if it is loaded, even when holstered.
- Use the holster only for its intended purpose. Do not modify the holster in any way.

Specific Safety Precautions for Use

- **Retention Adjustment:**

- Adjust the retention slider as needed to ensure a secure fit for your firearm.
- Ensure that the retention is set to a level that allows for easy but secure drawing and reholstering of the firearm.

- **Concealment and Carry:**

- Wear the holster in a position that allows for quick access while maintaining concealment.
- Ensure that clothing does not obstruct the holster or firearm.

- **Ambidextrous Use:**

- If using the holster in an ambidextrous manner, ensure that the belt loops are configured correctly for your dominant hand.

- **Environmental Considerations:**

- Avoid exposing the holster to extreme temperatures, moisture, or chemicals that may degrade the material.
- Clean the holster regularly to maintain its integrity and performance.

Instructions for Installation and Usage

1. Installation:

- Select the appropriate belt loop configuration for your preferred carry style (lefthanded or righthanded).
- Attach the belt loops securely to the holster body, ensuring they are fastened tightly to prevent movement during use.

2. Usage:

- Insert your firearm into the holster, ensuring it is seated properly and the retention is engaged.
- Adjust the holster position on your body to ensure comfort and accessibility.
- Practice drawing and reholstering your firearm to become familiar with the holster's operation.

3. Removing the Holster:

- To remove the holster, unfasten the belt loops and gently lift the holster away from the body.
- Store the holster in a secure location when not in use.

Disposal Instructions

- Dispose of the holster in accordance with local waste disposal regulations.
- If the holster is damaged beyond use, consider recycling the material if possible. Check with local recycling facilities for guidance.

Contact Information for Further Support

For any questions or concerns regarding the safety and use of your PERUN HOLSTERS RAVEN CONCEALMENT SYSTEMS G19 PERUN HOLSTER BLACK, please refer to the manufacturer's website or contact their customer support for assistance.

By following these guidelines, you can ensure a safe and effective experience with your holster. Always prioritize safety and responsibility when handling firearms.
