

PERUN HOLSTERS - RAVEN CONCEALMENT SYSTEMS G17 PERUN HOLSTER BLACK

[Home](#)

The Raven Concealment Systems Perun is their flagship outside-the-waistband (OWB) holster. It is the result of blending the best features of two of our most popular holsters, the Eidolon and the Phantom, to create a highly refined, exceptionally concealable holster. The Perun is designed to be the best modular OWB “pancake” style holster on the market. It has a body-hugging design that rides high for maximum concealment. The body of the holster is only slightly larger than the pistol contained in it. This small size aids in concealment while also making the holster more comfortable while seated in a vehicle. The body-hugging curvature of this holster is accomplished using modular belt loops. Each holster includes three pair of 1.5” belt loops (LH 10 degree cant, RH 10 degree cant, and ambi 0 degree cant), which allow the end-user to configure the ambidextrous holster body for left-handed or right-handed use, with either a 0-degree or 10-degree cant. Retention in the Perun is crisp, defined, and consistent, thanks to innovative design features inside the holster body. The unique retention slider makes adjusting retention as simple as turning up the volume on your stereo. And unlike other holsters that use the traditional “screw through a rubber grommet” style of retention, the Perun’s retention will not back off after repeated drawing and re-holstering. The Perun is compatible with most slide-mounted red-dot optics (like the Aimpoint T-1, Trijicon RMR, etc.) and accommodates suppressor-height front sights up to .350” tall. It is also fully compatible with the RCS Balor optic mount. The Glock Perun is compatible with generation 3-5 Glock pistols. The Perun is compatible with all small frame 9mm, .40S&W, and .357sig Glocks. Example, The Glock 17 Perun will fit the corresponding standard full sized pistols such as the .40 G22 and .357 G31. The Glock 19 Perun will fit the corresponding compact sized pistols such as the .40 G23 and .357 G32. Raven Concealment Systems also has Surefire X300U A/B and Streamlight TLR-1HL light compatible Perun LC models available for Glocks. Both the Glock Perun LC for Surefire X300U A/B, and the Glock Perun LC for Streamlight TLR-1HL holsters are compatible with generation 3-5 Glock 9mm/.40S&W/.357 Glock pistols (up to Glock 34/35 length slide) with the weapon light attached. For example, this holster will accommodate a Glock 19, Glock 17, or Glock 34 with the weapon light mounted on it. The muzzle-end of the holster is rounded for comfort, yet has an opening sufficient to accommodate most common after-market extended and threaded barrels (with thread protectors). The opening at the muzzle is also specifically designed to allow foreign objects (like spent casings) to drop out the bottom so that nothing can block your pistol from being safely re-holstered. The ambidextrous holster body has both inboard and outboard full-height body shields. These body shields offer some protection for your pistol from sweat, as well as protecting your skin and cover garments (especially the thin material used for linings in sport coats and suit jackets) from being abraded by the serrations on the rear of the slide. They also enhance safety by helping keep cover garments and other foreign objects from falling into the mouth of the holster while you have your pistol drawn, and aid in proper, safe muzzle orientation during re-holstering. The holster is injection molded from a proprietary, extremely high-strength polymer blend that is significantly more durable than Kydex or Boltaron. Like all RCS products, it is made in the USA, and is backed by our lifetime warranty.

Safety Instruction Guide for PERUN HOLSTERS RAVEN CONCEALMENT SYSTEMS G17 PERUN HOLSTER BLACK

Introduction

Thank you for choosing the Raven Concealment Systems Perun Holster. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of your holster. Please read this manual thoroughly before using the product to understand its features and safety precautions.

General Safety Guidelines

- Always ensure that your firearm is unloaded when inserting or removing it from the holster.
- Regularly inspect the holster for any signs of wear or damage. Do not use a damaged holster.
- Keep the holster out of reach of children and unauthorized users.
- Ensure that the holster is compatible with your specific firearm model.
- Be aware of your surroundings when drawing or reholstering your firearm.
- Follow all local laws and regulations regarding firearm carry and use.

Specific Safety Precautions for Use

- **Retention System:** The Perun holster features a unique retention slider. Ensure that it is properly adjusted to maintain a secure hold on your firearm.
- **Ambidextrous Design:** The holster can be configured for both lefthanded and righthanded use. Ensure that the belt loops are correctly installed based on your preference.
- **Compatibility:** Verify that your firearm is compatible with the holster. The Perun is designed for Glock models 17, 22, and 31, as well as other small frame 9mm, .40S&W, and .357sig Glocks.
- **Optics and Accessories:** The holster accommodates slidemounted reddot optics and suppressorheight sights. Ensure that these accessories do not obstruct the holster's functionality.
- **Muzzle End:** The muzzle end of the holster is designed to allow for the safe exit of spent casings. Ensure that this area is clear of obstructions before reholstering.

Instructions for Installation and Usage

1. Adjusting the Holster:

- Choose the desired cant (0degree or 10degree) and install the appropriate belt loops.
- Adjust the retention slider to your preferred level of retention.

2. Inserting the Firearm:

- Ensure the firearm is unloaded.
- Point the muzzle of the firearm away from yourself and others.
- Carefully insert the firearm into the holster, ensuring it is seated properly.

3. Drawing the Firearm:

- Maintain a firm grip on the firearm and ensure your finger is off the trigger until you are ready to shoot.
- Draw the firearm smoothly and steadily, keeping it pointed in a safe direction.

4. Reholstering:

- Ensure the area around the holster is clear of obstructions.
- Point the muzzle of the firearm away from yourself and others.
- Insert the firearm into the holster with a deliberate motion, ensuring it is seated correctly.

5. Cleaning and Maintenance:

- Clean the holster with a damp cloth to remove dirt and debris.
- Avoid using harsh chemicals or solvents that may damage the polymer material.

Disposal Instructions

- Dispose of the holster in accordance with local regulations regarding plastic waste.
- If the holster is damaged beyond repair, ensure it is disposed of in a manner that prevents any potential misuse.

Contact Information for Further Support

For any questions or concerns regarding the Perun Holster, please refer to the manufacturer's website or customer service resources. Always ensure that you are following local laws and regulations regarding firearm safety and usage.

Thank you for choosing Raven Concealment Systems. Your safety is our priority, and we hope you enjoy using your Perun Holster responsibly.
