

# PERUN HOLSTERS - RAVEN CONCEALMENT SYSTEMS G43 PERUN HOLSTER BLACK

[Home](#)

The Raven Concealment Systems Perun is their flagship outside-the-waistband (OWB) holster. It is the result of blending the best features of two of our most popular holsters, the Eidolon and the Phantom, to create a highly refined, exceptionally concealable holster. The Perun is designed to be the best modular OWB "pancake" style holster on the market. It has a body-hugging design that rides high for maximum concealment. The body of the holster is only slightly larger than the pistol contained in it. This small size aids in concealment while also making the holster more comfortable while seated in a vehicle. The body-hugging curvature of this holster is accomplished using modular belt loops. Each holster includes three pair of 1.5" belt loops (LH 10 degree cant, RH 10 degree cant, and ambi 0 degree cant), which allow the end-user to configure the ambidextrous holster body for left-handed or right-handed use, with either a 0-degree or 10-degree cant. Retention in the Perun is crisp, defined, and consistent, thanks to innovative design features inside the holster body. The unique retention slider makes adjusting retention as simple as turning up the volume on your stereo. And unlike other holsters that use the traditional "screw through a rubber grommet" style of retention, the Perun's retention will not back off after repeated drawing and re-holstering. The Perun is compatible with most slide-mounted red-dot optics (like the Aimpoint T-1, Trijicon RMR, etc.) and accommodates suppressor-height front sights up to .350" tall. It is also fully compatible with the RCS Balor optic mount. The Glock Perun is compatible with generation 3-5 Glock pistols. The Perun is compatible with all small frame 9mm, .40S&W, and .357sig Glocks. Example, The Glock 17 Perun will fit the corresponding standard full sized pistols such as the .40 G22 and .357 G31. The Glock 19 Perun will fit the corresponding compact sized pistols such as the .40 G23 and .357 G32. Raven Concealment Systems also has Surefire X300U A/B and Streamlight TLR-1HL light compatible Perun LC models available for Glocks. Both the Glock Perun LC for Surefire X300U A/B, and the Glock Perun LC for Streamlight TLR-1HL holsters are compatible with generation 3-5 Glock 9mm/.40S&W/.357 Glock pistols (up to Glock 34/35 length slide) with the weapon light attached. For example, this holster will accommodate a Glock 19, Glock 17, or Glock 34 with the weapon light mounted on it. The muzzle-end of the holster is rounded for comfort, yet has an opening sufficient to accommodate most common after-market extended and threaded barrels (with thread protectors). The opening at the muzzle is also specifically designed to allow foreign objects (like spent casings) to drop out the bottom so that nothing can block your pistol from being safely re-holstered. The ambidextrous holster body has both inboard and outboard full-height body shields. These body shields offer some protection for your pistol from sweat, as well as protecting your skin and cover garments (especially the thin material used for linings in sport coats and suit jackets) from being abraded by the serrations on the rear of the slide. They also enhance safety by helping keep cover garments and other foreign objects from falling into the mouth of the holster while you have your pistol drawn, and aid in proper, safe muzzle orientation during re-holstering. The holster is injection molded from a proprietary, extremely high-strength polymer blend that is significantly more durable than Kydex or Boltaron. Like all RCS products, it is made in the USA, and is backed by our lifetime warranty.

## Attributes

- Name: [RAVEN CONCEALMENT SYSTEMS G43 PERUN HOLSTER BLACK](#)
- Manufacturer: [RAVEN CONCEALMENT SYSTEMS](#)
- Product no.: 100030776
- Mfr. No.: PXG43
- Colour: Black
- Hand: Ambidextrous
- Material: Polymer

# **Safety Instruction Guide for PERUN HOLSTERS RAVEN CONCEALMENT SYSTEMS G43 PERUN HOLSTER BLACK**

## **Introduction**

Thank you for choosing the PERUN HOLSTERS RAVEN CONCEALMENT SYSTEMS G43 PERUN HOLSTER BLACK. This safety instruction guide is designed to help you use your holster safely and effectively. Please read this guide carefully before using the product to ensure your safety and the safety of others.

## **General Safety Guidelines**

- Ensure that the holster is compatible with your specific firearm model (Glock 43).
- Always treat your firearm as if it is loaded.
- Keep the holster and firearm out of reach of children and unauthorized users.
- Regularly inspect the holster for wear or damage before each use.
- Do not modify the holster in any way that could affect its performance or safety.
- Store the holster in a secure location when not in use to prevent unauthorized access.

## **Specific Safety Precautions for Use**

- Always ensure that the firearm is unloaded before holstering or unholstering.
- Use the holster in accordance with the manufacturer's instructions to avoid accidents.
- Be mindful of your surroundings when drawing or reholstering your firearm.
- Avoid placing any objects in the holster that could block the trigger or interfere with firearm operation.
- Ensure that your clothing does not interfere with the holster or firearm when drawing or reholstering.

## **Instructions for Installation and Usage**

### **1. Installation:**

- Choose the appropriate belt loop configuration based on your preference for lefthanded or righthanded use.
- Attach the belt loops securely to the holster body, ensuring they are properly aligned and tightened.

### **2. Holstering Your Firearm:**

- Ensure that the firearm is pointed in a safe direction.
- With your dominant hand, grasp the firearm and ensure it is pointed downrange.
- Slide the firearm smoothly into the holster, ensuring that it is fully seated and that the retention mechanisms engage.

### **3. Drawing Your Firearm:**

- Grasp the holster with your nondominant hand to stabilize it.
- With your dominant hand, draw the firearm straight out of the holster, ensuring a firm grip.
- Keep the muzzle pointed in a safe direction at all times during the draw.

### **4. Reholstering Your Firearm:**

- Ensure that the firearm is pointed in a safe direction.

- Visually check the holster for any obstructions before reholstering.
- Slide the firearm back into the holster until it is fully seated, ensuring the retention engages.

## **Disposal Instructions**

- Dispose of the holster in accordance with local regulations.
- If the holster is damaged or no longer usable, consider recycling the polymer material if applicable.
- Ensure that the holster is disposed of in a manner that prevents unauthorized access or use.

## **Contact Information for Further Support**

For any questions or concerns regarding the use of your PERUN HOLSTERS RAVEN CONCEALMENT SYSTEMS G43 PERUN HOLSTER BLACK, please refer to the manufacturer's website or contact their customer service for assistance.

Thank you for taking the time to read this safety instruction guide. Your safety and the safety of others is our top priority.
