

PERUN HOLSTERS - RAVEN CONCEALMENT SYSTEMS G17/G19 W/ X300U A/B PERUN HOLSTER BLACK

[Home](#)

The Raven Concealment Systems Perun is their flagship outside-the-waistband (OWB) holster. It is the result of blending the best features of two of our most popular holsters, the Eidolon and the Phantom, to create a highly refined, exceptionally concealable holster. The Perun is designed to be the best modular OWB "pancake" style holster on the market. It has a body-hugging design that rides high for maximum concealment. The body of the holster is only slightly larger than the pistol contained in it. This small size aids in concealment while also making the holster more comfortable while seated in a vehicle. The body-hugging curvature of this holster is accomplished using modular belt loops. Each holster includes three pair of 1.5" belt loops (LH 10 degree cant, RH 10 degree cant, and ambi 0 degree cant), which allow the end-user to configure the ambidextrous holster body for left-handed or right-handed use, with either a 0-degree or 10-degree cant. Retention in the Perun is crisp, defined, and consistent, thanks to innovative design features inside the holster body. The unique retention slider makes adjusting retention as simple as turning up the volume on your stereo. And unlike other holsters that use the traditional "screw through a rubber grommet" style of retention, the Perun's retention will not back off after repeated drawing and re-holstering. The Perun is compatible with most slide-mounted red-dot optics (like the Aimpoint T-1, Trijicon RMR, etc.) and accommodates suppressor-height front sights up to .350" tall. It is also fully compatible with the RCS Balor optic mount. The Glock Perun is compatible with generation 3-5 Glock pistols. The Perun is compatible with all small frame 9mm, .40S&W, and .357sig Glocks. Example, The Glock 17 Perun will fit the corresponding standard full sized pistols such as the .40 G22 and .357 G31. The Glock 19 Perun will fit the corresponding compact sized pistols such as the .40 G23 and .357 G32. Raven Concealment Systems also has Surefire X300U A/B and Streamlight TLR-1HL light compatible Perun LC models available for Glocks. Both the Glock Perun LC for Surefire X300U A/B, and the Glock Perun LC for Streamlight TLR-1HL holsters are compatible with generation 3-5 Glock 9mm/.40S&W/.357 Glock pistols (up to Glock 34/35 length slide) with the weapon light attached. For example, this holster will accommodate a Glock 19, Glock 17, or Glock 34 with the weapon light mounted on it. The muzzle-end of the holster is rounded for comfort, yet has an opening sufficient to accommodate most common after-market extended and threaded barrels (with thread protectors). The opening at the muzzle is also specifically designed to allow foreign objects (like spent casings) to drop out the bottom so that nothing can block your pistol from being safely re-holstered. The ambidextrous holster body has both inboard and outboard full-height body shields. These body shields offer some protection for your pistol from sweat, as well as protecting your skin and cover garments (especially the thin material used for linings in sport coats and suit jackets) from being abraded by the serrations on the rear of the slide. They also enhance safety by helping keep cover garments and other foreign objects from falling into the mouth of the holster while you have your pistol drawn, and aid in proper, safe muzzle orientation during re-holstering. The holster is injection molded from a proprietary, extremely high-strength polymer blend that is significantly more durable than Kydex or Boltaron. Like all RCS products, it is made in the USA, and is backed by our lifetime warranty.

Attributes

- Name: [RAVEN CONCEALMENT SYSTEMS G17/G19 W/ X300U A/B PERUN HOLSTER BLACK](#)
- Manufacturer: [RAVEN CONCEALMENT SYSTEMS](#)

Safety Instruction Guide for PERUN HOLSTERS RAVEN CONCEALMENT SYSTEMS G17/G19 W/ X300U A/B PERUN HOLSTER

Introduction

Thank you for choosing the PERUN HOLSTERS RAVEN CONCEALMENT SYSTEMS G17/G19 W/ X300U A/B PERUN HOLSTER. This guide provides essential safety information to ensure the safe use and handling of your holster. Please read this guide carefully to understand the safety precautions, proper usage, and maintenance of your holster.

General Safety Guidelines

- **Product Safety:** The holster is designed to provide a safe and secure method of carrying your Glock pistol. Ensure that you are familiar with the holster's features and functions before use.
- **Enhanced Recalls:** Stay informed about any product recalls or safety notices that may affect your holster. Regularly check the EU's Safety Gate platform for updates.
- **Online Shopping Protections:** When purchasing online, ensure that the retailer complies with safety requirements and provides clear product information.
- **Special Consumer Focus:** This holster is not intended for use by children. Keep it out of reach of minors to prevent accidents.
- **EU Contact Point:** For safety inquiries, please refer to the contact information provided by your retailer or manufacturer.
- **Rapid Alerts:** Familiarize yourself with the Safety Gate system for prompt updates on product safety issues.

Specific Safety Precautions for Use

- **Check Compatibility:** Ensure that the holster is compatible with your specific Glock model (G17, G19, G22, G23, G32) and any attached accessories (e.g., weapon lights).
- **Proper Retention:** Adjust the retention slider to ensure a secure fit for your pistol. The retention should be firm but not overly tight to allow for safe drawing and reholstering.
- **Avoid Obstructions:** Before drawing or holstering your pistol, ensure that no foreign objects are lodged in the holster that could obstruct the firearm.
- **Muzzle Orientation:** Always maintain proper muzzle orientation when drawing or reholstering your firearm to prevent accidental discharge.
- **Inspect Regularly:** Periodically inspect the holster for wear and tear. Replace it if any damage is observed that could compromise safety.
- **Use in Safe Environments:** Avoid using the holster in crowded or unsafe environments where accidental discharge could pose a risk to yourself or others.

Instructions for Installation and Usage

- **Installation:**
 1. **Select Belt Loops:** Choose the appropriate belt loops (LH 10 degree cant, RH 10 degree cant, or ambi 0 degree cant) based on your preferred carry style.
 2. **Attach Belt Loops:** Secure the selected belt loops to the holster body using the provided screws. Ensure they are tightened properly to prevent any movement.
 3. **Test Fit:** Once installed, test the holster with your pistol to ensure a proper fit and retention.
- **Usage:**

1. **Drawing the Pistol:** To draw your pistol, ensure that the holster is secure against your body. Grip the pistol firmly and draw it straight out of the holster.
2. **Reholstering:** When reholstering, maintain control of the pistol and ensure the muzzle is pointed in a safe direction. Slide the pistol back into the holster until it clicks into place.
3. **Adjusting Retention:** If needed, adjust the retention slider by turning it clockwise to increase retention or counterclockwise to decrease retention.

Disposal Instructions

- **Environmental Considerations:** When disposing of your holster, follow local regulations for disposing of plastic materials. Do not dispose of it in regular household waste.
- **Recycling:** If possible, recycle the holster according to local recycling guidelines for plastics. Check with your local waste management authority for specific instructions.

Contact Information for Further Support

For any questions or concerns regarding the use or safety of your PERUN HOLSTERS RAVEN CONCEALMENT SYSTEMS G17/G19 W/ X300U A/B PERUN HOLSTER, please refer to the contact information provided by your retailer or manufacturer.

Thank you for your attention to these safety instructions. Your safety and the safety of those around you are of utmost importance. Enjoy using your holster responsibly!
