

# PERUN HOLSTERS - RAVEN CONCEALMENT SYSTEMS G19 WITH XC1 PERUN HOLSTER BLACK

[Home](#)

The Raven Concealment Systems Perun is their flagship outside-the-waistband (OWB) holster. It is the result of blending the best features of two of our most popular holsters, the Eidolon and the Phantom, to create a highly refined, exceptionally concealable holster. The Perun is designed to be the best modular OWB "pancake" style holster on the market. It has a body-hugging design that rides high for maximum concealment. The body of the holster is only slightly larger than the pistol contained in it. This small size aids in concealment while also making the holster more comfortable while seated in a vehicle. The body-hugging curvature of this holster is accomplished using modular belt loops. Each holster includes three pair of 1.5" belt loops (LH 10 degree cant, RH 10 degree cant, and ambi 0 degree cant), which allow the end-user to configure the ambidextrous holster body for left-handed or right-handed use, with either a 0-degree or 10-degree cant. Retention in the Perun is crisp, defined, and consistent, thanks to innovative design features inside the holster body. The unique retention slider makes adjusting retention as simple as turning up the volume on your stereo. And unlike other holsters that use the traditional "screw through a rubber grommet" style of retention, the Perun's retention will not back off after repeated drawing and re-holstering. The Perun is compatible with most slide-mounted red-dot optics (like the Aimpoint T-1, Trijicon RMR, etc.) and accommodates suppressor-height front sights up to .350" tall. It is also fully compatible with the RCS Balor optic mount. The Glock Perun is compatible with generation 3-5 Glock pistols. The Perun is compatible with all small frame 9mm, .40S&W, and .357sig Glocks. Example, The Glock 17 Perun will fit the corresponding standard full sized pistols such as the .40 G22 and .357 G31. The Glock 19 Perun will fit the corresponding compact sized pistols such as the .40 G23 and .357 G32. Raven Concealment Systems also has Surefire X300U A/B and Streamlight TLR-1HL light compatible Perun LC models available for Glocks. Both the Glock Perun LC for Surefire X300U A/B, and the Glock Perun LC for Streamlight TLR-1HL holsters are compatible with generation 3-5 Glock 9mm/.40S&W/.357 Glock pistols (up to Glock 34/35 length slide) with the weapon light attached. For example, this holster will accommodate a Glock 19, Glock 17, or Glock 34 with the weapon light mounted on it. The muzzle-end of the holster is rounded for comfort, yet has an opening sufficient to accommodate most common after-market extended and threaded barrels (with thread protectors). The opening at the muzzle is also specifically designed to allow foreign objects (like spent casings) to drop out the bottom so that nothing can block your pistol from being safely re-holstered. The ambidextrous holster body has both inboard and outboard full-height body shields. These body shields offer some protection for your pistol from sweat, as well as protecting your skin and cover garments (especially the thin material used for linings in sport coats and suit jackets) from being abraded by the serrations on the rear of the slide. They also enhance safety by helping keep cover garments and other foreign objects from falling into the mouth of the holster while you have your pistol drawn, and aid in proper, safe muzzle orientation during re-holstering. The holster is injection molded from a proprietary, extremely high-strength polymer blend that is significantly more durable than Kydex or Boltaron. Like all RCS products, it is made in the USA, and is backed by our lifetime warranty.

# Safety Instruction Guide for PERUN HOLSTERS RAVEN CONCEALMENT SYSTEMS G19 WITH XC1

## Introduction

Thank you for choosing the PERUN HOLSTERS RAVEN CONCEALMENT SYSTEMS G19 WITH XC1. This holster is designed for optimal concealment and functionality. To ensure your safety and the safety of others, please read and follow these safety instructions carefully.

## General Safety Guidelines

- Ensure the holster is suitable for your specific firearm model before use.
- Always treat your firearm as if it is loaded, even when it is not.
- Keep the holster away from children and unauthorized users.
- Inspect the holster regularly for any signs of wear or damage.
- Do not modify the holster in any way, as this may compromise its safety features.
- Store the holster and firearm securely when not in use.

## Specific Safety Precautions for Use

- Always ensure that the firearm is unloaded before inserting it into the holster.
- Avoid placing any foreign objects inside the holster to ensure safe reholstering.
- When drawing the firearm from the holster, maintain a firm grip and point the muzzle in a safe direction.
- Be mindful of your surroundings when drawing or reholstering your firearm.
- Use caution when adjusting the retention slider; ensure it is secure before use.
- If using a weapon light, verify that it is properly attached and functioning before use.

## Instructions for Installation and Usage

### 1. Installation of the Holster:

- Choose the appropriate belt loop configuration (lefthanded, righthanded, or ambidextrous) based on your preference.
- Attach the belt loops to the holster body securely.
- Ensure that the holster is positioned on your belt in a manner that allows for easy access to the firearm.

### 2. Usage Instructions:

- Insert the unloaded firearm into the holster, ensuring it is seated properly.
- Adjust the retention slider to your desired level of retention. Ensure it is secure.
- When ready to draw, grasp the firearm firmly and pull it straight out of the holster while keeping the muzzle pointed in a safe direction.
- After use, reholster the firearm carefully, ensuring that nothing obstructs the holster's opening.

## Disposal Instructions

- Dispose of the holster in accordance with local regulations regarding plastic waste.
- Do not burn the holster, as it may release harmful chemicals.
- If the holster is damaged beyond use, consider recycling options if available.

## **Contact Information for Further Support**

For any inquiries or further assistance regarding the PERUN HOLSTERS RAVEN CONCEALMENT SYSTEMS G19 WITH XC1, please refer to the manufacturer's contact information provided with your product.

Thank you for taking the time to read these safety instructions. Your safety and the safety of others are our top priority.
