

# **EIDOLON HOLSTERS FULL KIT FOR GLOCK® - RAVEN CONCEALMENT SYSTEMS G19 EIDOLON FULL KIT HOLSTER LEFT HAND 1.5 OVERHOOKS BLACK**

[Home](#)

At the core of the Eidolon is the holster shell. The shell is precisely fitted to the weapon on the inside and is smooth on the outside to work in conjunction with the body, belt, and clothing -in nearly any carry position- to maximize comfort and concealment. At the same time, the shell provides attachment points for a host of accessories to allow the user to tailor the holster for their specific carry needs. 1.5" belt loop.

# Safety Instruction Guide for Eidolon Holsters Full Kit for Glock® Raven Concealment Systems G19

## Introduction

Thank you for purchasing the Eidolon Holsters Full Kit for Glock® Raven Concealment Systems G19. This guide provides essential safety instructions to ensure the safe and effective use of your holster. Please read this manual thoroughly before use.

## General Safety Guidelines

- Ensure that your holster is compatible with your specific firearm model (Glock 19, 23, 32).
- Always treat your firearm as if it is loaded, even when you believe it is not.
- Keep the holster and firearm out of reach of children and unauthorized users.
- Regularly inspect the holster for wear or damage before each use.
- Do not modify the holster or use it in a manner inconsistent with its intended purpose.

## Specific Safety Precautions for Use

- **Proper Fitting:** Ensure that the holster shell is properly fitted to your firearm. A loose fit may result in the firearm falling out, while a tight fit may hinder the draw.
- **Carry Position:** Choose a carry position that allows for quick access to your firearm while ensuring comfort and concealment.
- **Clothing Compatibility:** Be aware of your clothing choices, as certain fabrics may catch on the holster or firearm, affecting draw speed and safety.
- **Belt Compatibility:** Use a sturdy belt that can support the weight of the holster and firearm without sagging.
- **Avoid Obstructions:** Ensure that there are no obstructions in the holster or around the firearm that could impede its use or cause accidental discharge.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure that the firearm is unloaded.
- Slide the holster shell onto the belt loop, ensuring a secure fit.
- Adjust the position of the holster to your preferred carry location on your body.
- Tighten any screws or attachments to ensure that the holster remains secure during use.

### 2. Usage:

- To draw the firearm, ensure a firm grip on the holster and the firearm.
- Practice drawing the firearm in a safe environment to become accustomed to the holster's operation.
- Always maintain muzzle discipline and keep the firearm pointed in a safe direction when drawing or reholstering.
- After use, reholster the firearm carefully and ensure that it is secure in the holster before moving.

## Disposal Instructions

- Dispose of the holster responsibly, following local regulations for the disposal of plastic products.
- If the holster is damaged or no longer usable, do not attempt to repair it. Instead, recycle or dispose of it according to local guidelines.

## Contact Information for Further Support

For safety inquiries, please refer to the EU contact point specific to your region. Ensure that you have your product details available for any inquiries related to safety or recalls.

By following these safety instructions, you can ensure the safe and effective use of your Eidolon Holsters Full Kit for Glock® Raven Concealment Systems G19. Always prioritize safety and responsible firearm handling.
