

243 CALIBER (0.243") HIGH VELOCITY CONTROLLED CHAOS BULLETS - LEHIGH DEFENSE 243 CALIBER (0.243") 85GR CONTROLLED CHAOS 50/BOX

[Reloading](#) > [Bullets](#) > [Rifle Bullets](#)

LeHigh's High Velocity Controlled Chaos rounds were developed as a result of an animal control agency's request for a no lead .243 bullet that would provide extensive wound trauma with little minimal pass through energy. Basically the idea was to burst the bullet into numerous particles at a predetermined depth creating many wounds and a large temporary cavity with shot placement at or near the central nervous system. The agency had tried copper matrix frangible rounds and found the penetration depth and particle size were less than what was required for proper terminal performance. Many wound channels resulting in extensive damage CNC machined from solid copper or brass, not formed or swaged Exceptional accuracy from the advanced manufacturing process A separate base for penetration along the original trajectory No lead designs for agencies requiring green projectiles

Attributes

- Name: [LEHIGH DEFENSE 243 CALIBER \(0.243"\) 85GR CONTROLLED CHAOS 50/BOX](#)
- Manufacturer: [LEHIGH DEFENSE](#)
- Product no.: 100031015
- Mfr. No.: 05243085CUSP
- Ballistic Coefficient (G1): 0.318
- Brand Style: Controlled Chaos
- Bullet Style: Fracturing Boat Tail
- Caliber: 243 Caliber, 6mm
- Diameter (in): 0.243
- Grain: 85
- Quantity: 100
- Delivery weight: 0.551kg
- Shipping height: 38mm
- Shipping width: 89mm
- Shipping length: 89mm
- UPC: 05243085CUSP

Safety Instruction Guide for 243 CALIBER (0.243") HIGH VELOCITY CONTROLLED CHAOS BULLETS

Introduction

Thank you for choosing LeHigh Defense's 243 Caliber (0.243") High Velocity Controlled Chaos Bullets. This guide provides essential safety instructions to ensure the safe use and handling of this product. Please read the following information carefully to understand how to use these bullets responsibly and in compliance with safety regulations.

General Safety Guidelines

- Always treat all ammunition as if it is loaded.
- Store ammunition in a cool, dry place, away from direct sunlight and moisture.
- Keep ammunition out of reach of children and unauthorized users.
- Regularly inspect your ammunition for any signs of damage or corrosion.
- Follow all local and national laws regarding the purchase, storage, and use of ammunition.
- Use appropriate personal protective equipment (PPE) when handling ammunition, including safety glasses and gloves.
- Be aware of your surroundings and ensure a safe shooting environment.

Specific Safety Precautions for Use

- Ensure that your firearm is compatible with .243 caliber ammunition before use.
- Verify that the firearm is unloaded before loading ammunition.
- Follow the manufacturer's instructions for your firearm regarding ammunition loading and firing.
- Do not exceed the recommended load specifications for your firearm.
- Avoid using damaged or altered ammunition, as it may pose a safety risk.
- Always use ammunition in a wellventilated area to minimize exposure to lead and other contaminants.
- Be cautious of ricochets and ensure a safe backstop when shooting.

Instructions for Installation and Usage

1. Loading the Ammunition:

- Ensure your firearm is pointed in a safe direction.
- Open the action of the firearm and visually inspect to confirm it is unloaded.
- Insert the .243 caliber bullet into the magazine or chamber as per the firearm's instructions.
- Close the action and ensure it is securely locked.

2. Firing the Ammunition:

- Before firing, ensure you are wearing appropriate PPE.
- Aim at your target and ensure that there is a safe backstop.
- Pull the trigger gently and steadily to fire the bullet.
- After firing, keep the firearm pointed downrange and wait a few moments before checking your target.

3. PostFiring Procedures:

- Once finished, unload the firearm in a safe manner, following the manufacturer's instructions.
- Store any unused ammunition securely in its original packaging or a designated storage container.

Disposal Instructions

- Dispose of any unused, damaged, or expired ammunition according to local regulations.
- Do not throw ammunition in regular trash or recycling.
- Contact local authorities or a licensed disposal facility for proper disposal methods.

Contact Information for Further Support

For any safety inquiries or concerns regarding this product, please refer to your local regulations or contact the manufacturer directly.

By following these guidelines, you can help ensure a safe and enjoyable experience with your LeHigh Defense 243 Caliber (0.243") High Velocity Controlled Chaos Bullets. Always prioritize safety and responsibility in all your shooting activities.
