

ULTIMATE FIBER OPTIC SIGHT SET FOR GLOCK® - TTI ULTIMATE FIBER OPTIC SIGHT SET FOR GLOCK

[Handgun Parts](#) > [Sights](#) > [Sight Sets](#)

The TTI Ultimate Fiber Optic Sights for GLOCK® were designed to the specifications of Taran Butler and Robert Vogel for the optimum sight picture and brightest fiber optic front sight possible. The fiber optic dot has been moved up to the very top of the front sight so the shooter doesn't get confused with shooting off the top of the dot or a big, thick blade sitting above it, which can cause the shooter to shoot either too high or too low. The fiber optic bar is NOT partially embedded into the floor of the sight, which means more light reaches a greater portion of the circumference of the rod. The shiny stainless steel screw reflects even more light right to the middle of the rod. The front sight is .235" tall and .115" wide for perfect point-of-impact with the GLOCK® 17, 17L, 19, 20, 21, 22, 23, 24, 34, and 35. The rear is .245" tall. The tighter .125" rear notch helps dramatically when shooting small steel and tight shots at a distance. Rear serrations cut down on glare. Both front and rear sights are billet stainless steel coated with Diamond Black Ion Bond (95 Rockwell hardness) for the highest level of rust resistance and the strongest finish.

Attributes

- Name: [TTI ULTIMATE FIBER OPTIC SIGHT SET FOR GLOCK](#)
- Manufacturer: [TARAN TACTICAL INNOVATIONS](#)

ULTIMATE FIBER OPTIC SIGHT SET FOR GLOCK®

Safety Instruction Guide

Introduction

Thank you for choosing the ULTIMATE FIBER OPTIC SIGHT SET FOR GLOCK®. This guide provides essential safety instructions and information to ensure the safe use and installation of your new fiber optic sights. Please read this guide carefully before using the product.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Always follow local laws and regulations regarding firearm accessories.
- Inspect the product regularly for wear or damage before use.
- Keep the product out of reach of children and unauthorized users.
- Report any unsafe product experiences or accidents to the relevant authorities.

Specific Safety Precautions for Use

- Always ensure that your firearm is unloaded before installing or adjusting the sights.
- Use proper eye protection when shooting to prevent injuries from debris or accidents.
- Be aware of your surroundings and ensure a safe shooting environment.
- Avoid using the sights in extreme weather conditions that could affect visibility or performance.
- Do not attempt to modify the product in any way, as this may compromise safety and effectiveness.

Instructions for Installation and Usage

1. Installation:

- Ensure your GLOCK® firearm is unloaded and pointed in a safe direction.
- Remove the existing sight using the appropriate tools.
- Align the ULTIMATE FIBER OPTIC SIGHT with the sight dovetail on your GLOCK®.
- Secure the sight in place with the provided stainless steel screw, ensuring it is tightened adequately.
- Check that the sight is properly aligned and securely attached before use.

2. Usage:

- Familiarize yourself with the sight picture before engaging in live shooting.
- Adjust your shooting technique to account for the sight's design, particularly the position of the fiber optic dot.
- Regularly clean the sight to maintain clarity and performance.
- Practice shooting under various conditions to enhance your skills with the new sight.

Disposal Instructions

- Dispose of the product in accordance with local regulations.
- Do not dispose of the product in regular household waste.
- Consider recycling options for metal components if available.

Contact Information for Further Support

For any questions or concerns regarding the ULTIMATE FIBER OPTIC SIGHT SET FOR GLOCK®, please reach out to the manufacturer or your point of purchase for assistance.

Thank you for prioritizing safety while using your new fiber optic sights. Enjoy your shooting experience!
