

50 CALIBER (.452") MONOFLEX ML LOW DRAG SABOTS - MONOFLEX ML 50 CALIBER (0.452") 250GR LOW DRAG SABOT 20/BOX

[Reloading](#) > [Muzzleloading Components](#) > [Bullets](#)

At the heart of the MonoFlex ML is the .452 diameter MonoFlex® bullet — a monolithic solid projectile made from a copper alloy and topped with the patented Hornady exclusive Flex Tip design that works as a catalyst for uniform expansion, even at the low velocities of longer range impacts. The MonoFlex won't separate and retains 95% of its original weight. Specifically engineered to provide phenomenal accuracy, penetration and high weight retention, the MonoFlex ML is a nontraditional / alternative metal construction bullet option that is a fantastic choice for ALL hunters.

Safety Instruction Guide for 50 Caliber (.452") MonoFlex ML Low Drag Sabots

Introduction

Thank you for choosing the 50 Caliber (.452") MonoFlex ML Low Drag Sabots. This guide provides important safety information to ensure the safe use of this product. Please read and follow these instructions carefully to minimize risks and maximize your hunting experience.

General Safety Guidelines

- Ensure that you are familiar with the laws and regulations regarding the use of ammunition in your area before using this product.
- Always handle ammunition safely and responsibly.
- Store ammunition in a cool, dry place, away from direct sunlight and out of reach of children.
- Check for any visible damage to the packaging or ammunition before use. Do not use damaged products.
- Use this product only in firearms specifically designed for .452 caliber ammunition.
- Always wear appropriate safety gear, including eye and ear protection, when using firearms.
- Be aware of your surroundings and ensure a safe shooting environment.

Specific Safety Precautions for Use

- Do not exceed the manufacturer's recommended load specifications.
- Always keep the firearm pointed in a safe direction when loading or unloading.
- Never place your finger on the trigger until you are ready to fire.
- Avoid using this product in wet or humid conditions, as moisture can affect performance.
- If you experience any malfunctions or irregularities while using this product, stop using it immediately and consult a qualified gunsmith.

Instructions for Installation and Usage

- Ensure that your firearm is clean and in good working condition before installation.
- Carefully follow the manufacturer's instructions for loading the MonoFlex ML Low Drag Sabots into your firearm.
- Load the ammunition into the magazine or chamber according to your firearm's specifications.
- Before firing, doublecheck that the firearm is properly loaded and that the safety is engaged until you are ready to shoot.
- After firing, safely unload your firearm and store it according to local regulations.

Disposal Instructions

- Dispose of any unused or expired ammunition in accordance with local regulations.
- Do not throw ammunition in regular trash or recycling bins.
- Contact local waste management authorities for proper disposal methods.

Contact Information for Further Support

For any safety inquiries or concerns regarding this product, please reach out to the designated EU contact point for assistance.

Conclusion

Following these safety guidelines will help ensure a safe and enjoyable experience with your 50 Caliber (.452") MonoFlex ML Low Drag Sabots. Always stay informed about the safe handling and use of ammunition, and do not hesitate to seek assistance if you have any questions or concerns. Thank you for your commitment to safety.
