# **Safety Instruction Guide for CUSTOM GRADE RIFLE FULL LENGTH DIE SETS 308 NORMA MAGNUM FULL LENGTH DIE SET**

## **Introduction**

Thank you for choosing the Hornady Custom Grade 2Die set for your reloading needs. This guide provides essential safety instructions to ensure the safe and effective use of your die set. Please read this document carefully before using the product.

## **General Safety Guidelines**

- Ensure that you are familiar with the safe handling and operation of reloading equipment.
- Always wear appropriate personal protective equipment (PPE) such as safety glasses and gloves while reloading.
- Keep the reloading area clean and organized to prevent accidents.
- Store all reloading components, including powders and primers, in a safe, dry place away from children and unauthorized users.
- Follow all local laws and regulations regarding reloading and ammunition.

## **Specific Safety Precautions for Use**

- Do not exceed the recommended load data provided by the manufacturer.
- Always check that the die set is properly adjusted before use.
- Inspect the dies for any signs of damage or wear before each use.
- Never leave the reloading process unattended.
- Ensure that all tools and equipment are used in accordance with the manufacturer's instructions.
- Keep fingers and hands clear of moving parts while operating the die set.
- Be aware of the potential hazards associated with the materials used in reloading, including lead exposure.

## **Instructions for Installation and Usage**

### **1. Installation of Die Set:**

- Clean the reloading press and ensure it is free of debris.
- Install the fulllength sizing die in the press according to the manufacturer's instructions.
- Secure the die tightly to prevent movement during operation.
- Install the bullet seating die in the same manner.

### **2. Setting Up for Reloading:**

- Adjust the fulllength sizing die to the desired depth for case resizing.
- Use a case gauge to check the resized cases for proper dimensions.
- Adjust the bullet seating die to ensure that bullets are seated to the correct depth as per your load data.

### **3. Reloading Process:**

- Begin by inserting a cleaned and resized case into the press.
- Follow the steps for adding powder and seating the bullet as per your load data.
- Inspect each completed round for proper assembly and any defects.

#### **4. PostReloading:**

- Store completed ammunition in a safe, designated area.
- Clean the die set after use to maintain its performance and longevity.

## **Disposal Instructions**

- Dispose of any unused or expired reloading components according to local regulations.
- Do not dispose of hazardous materials in regular trash. Check local guidelines for hazardous waste disposal.
- Ensure that any spent primers and casings are disposed of properly to avoid environmental contamination.

## **Contact Information for Further Support**

For any safety inquiries or concerns regarding the use of this product, please reach out to the appropriate EU-based contact point as specified by the manufacturer. Always refer to the product packaging or documentation for the most accurate contact information.

## **Conclusion**

By following these safety instructions, you can ensure a safe and effective reloading experience with your Hornady Custom Grade 2Die set. Always prioritize safety and adhere to best practices while reloading. Thank you for your attention to these important guidelines.
