# Safety Instruction Guide for CUSTOM GRADE RIFLE FULL LENGTH DIE SETS 6MM CREEDMOOR FULL LENGTH DIE SET

## Introduction

Thank you for choosing the Hornady Custom Grade 2Die Set for your reloading needs. This guide provides essential safety instructions to ensure the safe and effective use of your die set. Please read this document carefully before using the product.

## General Safety Guidelines

- Always handle reloading equipment with care to prevent accidents.
- Ensure that you are familiar with local laws and regulations regarding reloading and firearms.
- Keep the die set and all reloading materials out of reach of children and unauthorized users.
- Regularly inspect your die set for any signs of wear or damage before each use.
- Store the die set in a dry, secure location when not in use to prevent damage or unauthorized access.

## Specific Safety Precautions for Use

- **Personal Protective Equipment (PPE):** Always wear safety glasses to protect your eyes from debris during reloading.
- **Ventilation:** Ensure that your reloading area is wellventilated to avoid inhaling any fumes or dust.
- **Work Surface:** Use a stable and clean surface for reloading to prevent spills and accidents.
- **Die Adjustment:** Make adjustments slowly and carefully to avoid sudden movements that could cause injury.
- **Reloading Components:** Use only the recommended components (powder, primers, and bullets) as specified in your reloading manual.
- **Firearm Compatibility:** Ensure that the die set is compatible with your firearm and the specific cartridge you are using.

## Instructions for Installation and Usage

### 1. Setup:

- Place the full length sizing die into your reloading press according to the manufacturer's instructions.
- Secure the die firmly to prevent movement during operation.

### 2. Full Length Sizing:

- Insert the cartridge case into the die and raise the ram of the press to size the case.
- Lower the ram and remove the sized case for inspection.

### 3. Bullet Seating:

- Install the bullet seating die in the press following the same procedure as the sizing die.
- Adjust the die to the desired bullet seating depth as indicated in your reloading manual.
- Insert a charged case into the die and place the bullet on top of the case.
- Raise the ram to seat the bullet firmly into the case.

### 4. Final Inspection:

- Inspect each completed round for proper dimensions and ensure that no defects are present.
- Store completed rounds in a safe and secure manner.

## **Disposal Instructions**

- Dispose of any unused or damaged components in accordance with local regulations.
- Do not dispose of reloading materials in regular household waste.
- Contact your local waste management facility for guidance on safe disposal methods.

## **Contact Information for Further Support**

For any questions or concerns regarding the safety and use of your Hornady Custom Grade 2Die Set, please contact the manufacturer directly. They can provide you with the most accurate and up to date information regarding your product.

By following these safety instructions, you will ensure a safer reloading experience while maximizing the performance of your Hornady Custom Grade 2Die Set. Thank you for your attention to these important safety guidelines.
