

# MATCH GRADE BUSHING - 0.290" MATCH GRADE BUSHING

[Reloading](#) > [Reloading Dies](#) > [Neck Size Bushings](#)

The Hornady match Grade Dies feature interchangeable neck sizing bushings that are self centering. The bushings allow the user to size the case neck to the bullet tension you desire. This eliminates the chance of over-sizing your case necks and overworking the brass. Bushings are available in .002 inch increments. The Match Grade Full Length Die will size the case body, bump the shoulder and size the case neck with the selected bushing. The Match Grade Neck Die sizes the neck with the installed bushing and bumps the shoulder only (no body sizing). Both versions feature a self centering decap spindle with an o-ring spindle tensioner, and the elliptical expander ball with headed decap pin - the same pin used in the Custom Grade Dies. These bushing sizer dies have some unique features and are very well made and finished.

## Attributes

- Name: [0.290" MATCH GRADE BUSHING](#)
- Manufacturer: [HORNADY](#)
- Product no.: 100031846
- Mfr. No.: 594290
- Diameter (Breech): -
- Diameter (in): .290
- Delivery weight: 0.005kg
- Shipping height: 25mm
- Shipping width: 51mm
- Shipping length: 102mm

# MATCH GRADE BUSHING Safety Instruction Guide

## Introduction

Thank you for choosing the Hornady Match Grade Bushing. This guide provides important safety instructions and usage guidelines to ensure your safe and effective use of the product. Please read this document carefully before using the Match Grade Bushing.

## General Safety Guidelines

- Always read and understand the instructions before using the product.
- Ensure that the product is suitable for your specific application.
- Keep out of reach of children and vulnerable individuals.
- Regularly inspect the product for wear and damage before use.
- Report any unsafe conditions or incidents to the appropriate authorities.
- Stay informed about product recalls and safety updates through the EU Safety Gate platform.

## Specific Safety Precautions for Use

- Use the Match Grade Bushing only with compatible Hornady dies.
- Do not exceed the recommended sizing increments to avoid damaging the brass.
- Ensure that the bushing is properly seated before use to prevent accidents.
- Wear appropriate safety gear, such as safety glasses, when using the product.
- Avoid using the bushing if it shows signs of damage or wear.
- Store the bushing in a dry and secure location to prevent accidents.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary tools and materials.
- Ensure that your workspace is clean and organized.

### 2. Installation:

- Remove the bushing from its packaging.
- Insert the bushing into the Hornady die, ensuring it is seated properly.
- Tighten the die according to the manufacturer's specifications to secure the bushing.

### 3. Usage:

- Prepare your cases by cleaning and inspecting them for defects.
- Adjust the die to the desired settings based on the bushing size.
- Insert the case into the die and apply pressure according to the die's instructions.
- After sizing, remove the case carefully and inspect it for proper sizing.

### 4. PostUsage Care:

- Clean the bushing after each use to remove any debris.
- Store the bushing and die in a protective case or container.

## Disposal Instructions

- Dispose of the product in accordance with local regulations.

- Do not dispose of the product in general waste if it is damaged or worn.
- Contact your local waste management facility for guidance on proper disposal methods.

## **Contact Information for Further Support**

For any questions or concerns regarding the product, please refer to the manufacturer's contact information provided with the product packaging or on the official website.

By following these safety instructions, you can ensure a safe and effective experience with your Hornady Match Grade Bushing. Thank you for your attention to safety.
