## Lets You Install a Folding Stock On Your Chassis-System Bolt Rifle

The BTFA Buffer Tube Folding Adapter from SB Tactical provides a simple upgrade to improve the portability of your bolt action chassis-system rifle by giving it a folding buttstock. The BTFA lets you put a folding stock on any rifle that uses a standard AR-15 buffer tube as the attachment point for mounting its buttstock. The adapter simply screws into the rear of the chassis - where the AR-15 buffer tube would normally go - and then the buffer tube is screwed into the BTFA. The BTFA adds only 1.1" to your rifle's length-of-pull when installed. You can either compensate for that by extending the buttstock a little less, if it's an adjustable M4 carbine type stock. And many shooters with longer arms will welcome the additional LOP. Reversible for right- or left side-folding - whatever works best for you Securely locks in the open AND closed positions Accepts are AR-15 buffer tube, A2 rifle or M4 carbine type Minimal weight (only 3.4 oz.) & bulk (1.1" added to LOP) Caution: Fits chassis system rifles only, NOT standard AR-15 platform (see Gun Tech Note below) SB Tactical's BTFA Buffer Tube Folding Adapter is constructed of strong yet lightweight 6061 T6 aluminum with a tough military Type III hardcoat anodized finish to resist surface wear and corrosion. Brownells Gun Tech™ Note: You're probably thinking, "So why can't I use the BTFA to put a folding stock on my standard-configuration AR-15? To ensure maximum strength, the BTFA has solid bulkheads that prevent the passage of a recoil buffer, so it will NOT work with the standard AR-15 operating system. For the AR-15, we offer the Law Tactical Gen3-M folding stock adapter (#100-015-850).

## Attributes

- Name: [SB TACTICAL LOCKING BUFFER TUBE FOLDING ADAPTER](#)
- Manufacturer: [SB TACTICAL](#)
- Product no.: 100032046
- Mfr. No.: BTFA
- Delivery weight: 0.141kg
- Shipping height: 89mm
- Shipping width: 89mm
- Shipping length: 70mm
- UPC: 699618782806

## Item details

Made in USA

US export classification: 0A501.x

## TACTICAL Safety Instruction Guide

### Introduction

Thank you for choosing the LOCKING BUFFER TUBE FOLDING ADAPTER from SB Tactical. This product is designed to enhance the portability of your bolt action chassissystem rifle by allowing the installation of a folding buttstock. Please read this safety instruction guide carefully to ensure safe and effective use of the product in compliance with the EU General Product Safety Regulation (GPSR).

### General Safety Guidelines

- Ensure safe use of the adapter by following all instructions provided in this guide.
- Be aware of potential risks associated with improper installation or use.
- Regularly check for any updates or recalls related to this product on the EU Safety Gate platform.
- Report any unsafe conditions or accidents related to this product to the appropriate authorities.
- This product is not intended for use by children or individuals who may not understand the safety guidelines.

### Specific Safety Precautions for Use

- Only use the adapter with rifles that have a standard AR15 buffer tube.
- Ensure that the adapter is securely locked in both the open and closed positions before use.
- Do not attempt to use the adapter with any standard AR15 operating system, as it is designed specifically for chassis system rifles.
- Always check the condition of the adapter before installation and use. Do not use if damaged.
- Be cautious of the added length of pull (1.1 inches) when adjusting the buttstock.

### Instructions for Installation and Usage

#### 1. Preparation:

- Ensure that your rifle is unloaded and pointed in a safe direction.
- Gather necessary tools, including a screwdriver for installation.

#### 2. Installation:

- Remove the existing buffer tube from the rear of the chassis.
- Screw the BTFA Buffer Tube Folding Adapter into the rear of the chassis where the buffer tube was previously installed.
- Attach the buffer tube to the BTFA, ensuring it is securely fastened.

#### 3. Adjusting the Buttstock:

- If using an adjustable M4 carbine type stock, extend the buttstock to your desired length, keeping in mind the additional length of pull.
- Ensure the buttstock is securely locked in place before use.

#### 4. Using the Adapter:

- To fold the stock, simply release the locking mechanism and fold the stock to the desired position.
- Always ensure the stock is locked in place before firing.

#### 5. PostUse:

- After use, check the adapter and stock for any signs of wear or damage.
- Store your rifle in a safe and secure location.

## **Disposal Instructions**

- When disposing of the LOCKING BUFFER TUBE FOLDING ADAPTER, follow local regulations for the disposal of aluminum and other materials.
- Do not dispose of the product in regular household waste.
- Consider recycling the product if possible.

## **Contact Information for Further Support**

For any questions or concerns regarding the LOCKING BUFFER TUBE FOLDING ADAPTER, please refer to the manufacturer's website or contact the appropriate support channels for further assistance. Always ensure you have the latest information and updates regarding product safety and usage.

Thank you for your attention to these safety guidelines. Enjoy your improved shooting experience with the LOCKING BUFFER TUBE FOLDING ADAPTER from SB Tactical.
