# Safety Instruction Guide for the 4 DIE DELUXE PISTOL DIE SET

## Introduction

Thank you for choosing the 4 DIE DELUXE PISTOL DIE SET by LEE PRECISION. This guide provides essential safety information and instructions for the proper use of the die set. It is crucial to follow these guidelines to ensure safe and effective operation.

## General Safety Guidelines

- Always read and understand the instructions before using the die set.
- Ensure that the work area is clean, organized, and free of distractions.
- Keep the die set out of reach of children and unauthorized individuals.
- Wear appropriate personal protective equipment (PPE) such as safety glasses and gloves.
- Be aware of your surroundings and ensure that no one is in the vicinity when using the die set.
- Regularly inspect the die set for any signs of wear or damage. Do not use damaged components.
- Follow all local laws and regulations related to ammunition reloading and firearm safety.

## Specific Safety Precautions for Use

- **Carbide Factory Crimp Die:** This die allows for a separate crimping operation. Ensure that the bullet seating and crimping processes are distinct to avoid accidents.
- **Handling of Components:** Handle all components with care. Avoid dropping or mishandling them to prevent damage.
- **Powder Handling:** When using the Powder Thru Expanding Die, handle powders with caution. Store powders in a cool, dry place and follow the manufacturer's guidelines for safe storage.
- **Sizing Dies:** Ensure that the Carbide Full Length Sizing Die is properly adjusted before use to avoid oversizing or undersizing the cartridge cases.
- **Shell Holder:** Use the appropriate shell holder for your cartridge to ensure a secure fit and prevent accidents during reloading.
- **Instructions and Load Data:** Always refer to the provided instructions and load data for specific guidelines on reloading ammunition safely.

## Instructions for Installation and Usage

### 1. Setup:

- Gather all components of the die set: Carbide Full Length Sizing Die, Bullet Seating Die, Powder Thru Expanding Die, Carbide Factory Crimp Die, Shell Holder, and Powder Dipper.
- Ensure that your reloading press is securely mounted and stable.

### 2. Installation:

- Install the Carbide Full Length Sizing Die in the reloading press according to the manufacturer's instructions.
- Follow the same procedure for the Bullet Seating Die, Powder Thru Expanding Die, and Carbide Factory Crimp Die, ensuring each die is securely tightened.
- Install the appropriate Shell Holder for your cartridge.

### 3. Usage:

- Begin with the Carbide Full Length Sizing Die to resize the brass cases.

- Use the Powder Thru Expanding Die to expand the case mouth for bullet seating.
- Seat the bullet using the Bullet Seating Die, ensuring the bullet is positioned correctly.
- Finally, use the Carbide Factory Crimp Die to crimp the bullet securely in place.
- Always check the completed round for proper dimensions and functionality before use.

## Disposal Instructions

- Dispose of any unused or damaged components in accordance with local regulations.
- Do not throw away hazardous materials, such as spent primers or powder, in regular trash. Follow local guidelines for hazardous waste disposal.
- Keep the packaging materials in a safe place until you are sure you do not need them for returns or recalls.

## Contact Information for Further Support

For any inquiries or concerns regarding the 4 DIE DELUXE PISTOL DIE SET, please refer to the contact information provided by your retailer or the manufacturer. It is important to have an EUbased contact for safety inquiries.

## Conclusion

By following these safety instructions, you can ensure a safe and effective reloading experience with the 4 DIE DELUXE PISTOL DIE SET. Always prioritize safety and compliance with local laws when handling ammunition and reloading equipment. Thank you for your attention to these important safety guidelines.
