

# PISTOL CARBIDE FACTORY CRIMP DIES - LEE PRECISION 9MM MARKOV PISTOL CARBIDE FACTORY CRIMP DIE

[Reloading](#) > [Reloading Dies](#) > [Handgun Dies](#)

Sizes the cartridge while being crimped so every round will positively chamber freely with factory like dependability The adjusting screw quickly and easily sets the desired amount of crimp Trim Length is not critical so this extra operation takes less time than it would if cases were trimmed and chamfered A firm crimp is essential for dependable and accurate ammunition, as it eliminates the problems of poor ignition of slow burning magnum powders Made of steel and features an internal carbide ring Carbide dies do not require the use of case lube

# Safety Instruction Guide for PISTOL CARBIDE FACTORY CRIMP DIES

## Introduction

Thank you for choosing the PISTOL CARBIDE FACTORY CRIMP DIES by LEE PRECISION. This guide provides essential safety instructions and precautions to ensure safe and effective use of the product. Please read this guide thoroughly before using the crimp dies.

## General Safety Guidelines

- Always wear appropriate personal protective equipment (PPE) such as safety glasses and gloves when handling ammunition and reloading equipment.
- Ensure that the workspace is clean, welllit, and free from distractions.
- Keep the crimp dies out of reach of children and unauthorized users.
- Follow all local laws and regulations regarding ammunition reloading and use.
- Regularly inspect the crimp dies for any signs of wear or damage before each use.
- If you experience any issues or uncertainties while using the crimp dies, seek assistance from a qualified professional.

## Specific Safety Precautions for Use

### • Hazard Identification:

- Improper crimping can lead to ammunition failure, which may cause injury or damage.
- The use of the crimp die without proper adjustment may result in excessive crimp pressure, affecting the performance of the ammunition.

### • Avoiding Hazards:

- Always adjust the crimp die according to the manufacturer's instructions to ensure proper crimping.
- Do not attempt to modify the crimp die or use it for any purpose other than intended.
- Ensure that the cartridge is properly sized and that the case is free from obstructions before crimping.

### • AgeSpecific Warnings:

- This product is intended for use by adults. Keep it away from children and individuals who may not understand safe handling practices.

## Instructions for Installation and Usage

### 1. Installation:

- Secure the crimp die in the reloading press according to the manufacturer's specifications.
- Ensure that the die is tightened properly to prevent movement during use.

### 2. Usage:

- Prepare the cartridge case by ensuring it is clean and properly sized.
- Insert the cartridge case into the shell holder of the reloading press.
- Gradually lower the ram of the press to engage the crimp die with the cartridge.

- Adjust the crimp by turning the adjusting screw on the crimp die to achieve the desired amount of crimp.
- Raise the ram of the press to remove the crimped cartridge case.
- Inspect the crimped cartridge for uniformity and proper fit.

### **3. PostUsage:**

- After use, clean the crimp die with a soft cloth to remove any residue.
- Store the crimp die in a safe place, away from moisture and extreme temperatures.

## **Disposal Instructions**

- Dispose of any damaged or worn crimp dies in accordance with local regulations.
- Do not dispose of the product in regular household waste. Contact local waste management for proper disposal methods.

## **Contact Information for Further Support**

For further support, please refer to the manufacturer's website or contact their customer service for assistance with any questions or concerns regarding the PISTOL CARBIDE FACTORY CRIMP DIES.

Thank you for prioritizing safety and compliance with the EU General Product Safety Regulation. Your attention to these guidelines ensures a safe and enjoyable reloading experience.
