Safety Instruction Guide for the LOADMASTER PROGRESSIVE PRESS

Introduction

Thank you for choosing the LOADMASTER PROGRESSIVE PRESS by Lee Precision. This guide provides essential safety instructions to ensure a safe and effective reloading experience. Please read this manual carefully before using the product.

General Safety Guidelines

- Ensure that the LOADMASTER PROGRESSIVE PRESS is used only for its intended purpose.
- Always wear appropriate safety gear, including safety glasses, when operating the press.
- Keep the reloading area clean and organized to prevent accidents.
- Store all components, including powders and primers, in a secure location away from children and pets.
- Familiarize yourself with the product before use to understand all safety features and functions.
- Report any unsafe conditions or accidents to the relevant authorities.

Specific Safety Precautions for Use

- **Hazard Identification:**
 - Potential risks include injury from moving parts, exposure to reloading materials, and improper handling of ammunition.
- **Avoiding Hazards:**
 - Always ensure that the press is securely mounted to a stable work surface.
 - Do not place hands or any objects near moving parts during operation.
 - Handle all reloading materials with care, following the manufacturer's instructions.
 - Never exceed recommended load specifications when reloading ammunition.
- **Age Specific Warnings:**
 - This product is intended for adult use only. Keep out of reach of children.

Instructions for Installation and Usage

- **Installation:**
 1. Choose a stable and sturdy workbench for mounting the LOADMASTER PROGRESSIVE PRESS.
 2. Use the included hardware to securely attach the press to the workbench.
 3. Ensure that the press is level and stable before use.
- **Usage:**
 1. Assemble the reloading kit according to the manufacturer's instructions.
 2. Load the fulllength sizing die, powder through expanding die, and bullet seating die into the turret.
 3. Connect the AutoDrum Powder Measure to the press.
 4. Install the shell plate and ensure it is properly seated.
 5. Load cases into the case feeder and primers into the primer feed, if applicable.
 6. Follow the reloading process as outlined in the manufacturer's instructions, ensuring all safety precautions are observed.

Disposal Instructions

- Dispose of all reloading materials, including spent primers and powder, in accordance with local regulations.

- Do not dispose of materials in household waste. Contact local waste management authorities for proper disposal methods.
- Ensure that the press and its components are disposed of in an environmentally friendly manner.

Contact Information for Further Support

For any questions or concerns regarding the LOADMASTER PROGRESSIVE PRESS, please refer to the manufacturer's contact information provided with the product.

Conclusion

By following these safety instructions, you can ensure a safe and efficient reloading experience with the LOADMASTER PROGRESSIVE PRESS. Always prioritize safety and proper handling of all reloading materials. Thank you for your attention to these important guidelines.
