# Safety Instruction Guide for LOADMASTER PROGRESSIVE PRESS

## Introduction

Thank you for choosing the Lee LoadMaster Progressive Press for your reloading needs. This guide provides important safety instructions and guidelines to ensure safe and effective use of your product. Please read this guide carefully before using the LoadMaster Progressive Press.

## General Safety Guidelines

- Always ensure that you are familiar with the operation of the equipment before use.
- Keep the workspace clean and organized to avoid accidents.
- Store all components, including dies and powder measures, in a safe and secure location away from children and pets.
- Use only the recommended components and accessories for your LoadMaster Progressive Press.
- Regularly inspect the press and its components for wear or damage. Do not use if any parts are defective.
- Be aware of your surroundings and avoid distractions while reloading.

## Specific Safety Precautions for Use

- Always wear safety glasses when operating the press to protect your eyes from potential debris.
- Do not exceed the recommended load specifications for the cartridges you are using.
- Handle all components, especially powders and primers, with care to avoid accidental ignition.
- Ensure that the press is securely mounted to a stable surface before use.
- Keep your hands and clothing clear of moving parts during operation.
- Never leave the press unattended while in use.
- If you experience any issues or malfunctions, stop using the press immediately and consult the manufacturer or a qualified technician.

## Instructions for Installation and Usage

### 1. Installation:

- Select a sturdy, flat surface to mount your LoadMaster Progressive Press.
- Securely fasten the press to the surface using the appropriate hardware.
- Attach the shell plate, turret, and other components as per the manufacturer's instructions.

### 2. Usage:

- Ensure that all necessary components (dies, shell plate, powder measure, etc.) are installed before beginning the reloading process.
- Follow the specific instructions for each die to ensure proper operation.
- When filling the AutoDrum Powder Measure, do so in a wellventilated area and avoid inhaling any dust or fumes.
- After reloading, always doublecheck the completed cartridges for any irregularities.

## Disposal Instructions

- Dispose of any unused or expired components, such as powders and primers, in accordance with local regulations.
- Do not dispose of hazardous materials in regular trash. Check with local waste management authorities for proper disposal methods.

- Recycle any recyclable materials, such as metal and plastic components, where applicable.

## Contact Information for Further Support

For any safety inquiries or additional information regarding your LoadMaster Progressive Press, please reach out to your local retailer or the manufacturer directly. Ensure that you have your product details and any relevant information ready for a more efficient response.

## Conclusion

By following these safety instructions and guidelines, you can ensure a safe and enjoyable experience while using your Lee LoadMaster Progressive Press. Always prioritize safety and stay informed about best practices in reloading. Thank you for your commitment to safe reloading practices.
