

2 CAVITY RIFLE BULLET MOLDS - LEE PRECISION 270 CALIBER (0.277")135GR ROUND NOSE DOUBLE CAVITY MOLD

[Reloading](#) > [Bullet Casting](#) > [Casting Moulds](#) > [Rifle Moulds](#)

All Lee mould blocks are made from aluminum because of its exceptional moulding qualities. All mould cavities are CNC machined for unmatched roundness and size control. All hollow base moulds are single cavity only as they have a self centering, automatic core pin for the fastest possible moulding. All moulds include handles and sprue plates.

Safety Instruction Guide for 2 CAVITY RIFLE BULLET MOLDS LEE PRECISION 270 CALIBER

Introduction

Thank you for purchasing the 2 CAVITY RIFLE BULLET MOLDS LEE PRECISION 270 CALIBER (0.277")135GR ROUND NOSE DOUBLE CAVITY MOLD. This product is designed for the safe and efficient molding of bullets. Please read this safety instruction guide carefully to ensure safe usage and compliance with EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Ensure that the product is used only for its intended purpose, which is to mold bullets.
- Always follow the manufacturer's instructions and guidelines for safe usage.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly check for any signs of wear or damage before use.
- Report any unsafe products or accidents to the appropriate authorities.

Specific Safety Precautions for Use

- Always wear appropriate personal protective equipment (PPE), including safety glasses and gloves, when using the mold.
- Ensure that the workspace is wellventilated to avoid inhalation of fumes from the melting materials.
- Never leave the mold unattended while in use.
- Use caution when handling hot materials to avoid burns or injuries.
- Be aware of your surroundings and ensure that there are no flammable materials nearby during use.
- Follow local regulations regarding the handling and disposal of lead and other materials used in bullet making.

Instructions for Installation and Usage

1. Preparation:

- Ensure that the mold is clean and free from debris before use.
- Inspect the mold for any signs of damage or wear.

2. Setup:

- Securely attach the mold to a stable surface to prevent movement during use.
- Ensure that the handles are properly attached and functioning.

3. Melting Materials:

- Use a suitable melting pot or furnace to melt the bullet material.
- Monitor the temperature closely to avoid overheating.

4. Molding Process:

- Carefully pour the molten material into the mold cavities.
- Allow the material to cool and solidify as per the manufacturer's recommendations.
- Once cooled, carefully remove the molded bullets from the mold.

5. Cleaning:

- After use, clean the mold with a suitable cleaning agent to remove any residue.
- Store the mold in a dry place to prevent corrosion.

Disposal Instructions

- Dispose of any waste materials in accordance with local regulations concerning hazardous materials.
- Do not dispose of the product in regular household waste.
- Contact local waste management authorities for guidance on the proper disposal of lead and other materials.

Contact Information for Further Support

For any questions or concerns regarding the safety and usage of this product, please refer to the manufacturer's website or contact their customer support service. Ensure you have the product details ready for efficient assistance.

By following these guidelines, you can ensure the safe and effective use of your 2 CAVITY RIFLE BULLET MOLDS LEE PRECISION 270 CALIBER. Thank you for prioritizing safety!
