

## 2 CAVITY PISTOL BULLET MOLDS - LEE PRECISION 32 CALIBER (0.311") 93GR ROUND NOSE MOLD

[Reloading](#) > [Bullet Casting](#) > [Casting Moulds](#) > [Handgun Moulds](#)

All molds for pistol calibers are double cavity to speed casting. All Lee mould blocks are made from aluminum because of the exceptional moulding qualities. The mould cavities are CNC machined for unmatched roundness and size control. Most bullets from Lee moulds can be used as cast without sizing. Handles and sprue plate are included.

### Attributes

- Name: [LEE PRECISION 32 CALIBER \(0.311"\) 93GR ROUND NOSE MOLD](#)
- Manufacturer: [LEE PRECISION](#)
- Product no.: 100032149
- Mfr. No.: 90300
- Bullet Style: -
- Bullet Weight (Grains): 93
- Caliber: -
- Cavities: 2
- Diameter (in): 0.311
- Delivery weight: 0.386kg
- Shipping height: 51mm
- Shipping width: 76mm
- Shipping length: 279mm
- UPC: 734307903008

# Safety Instruction Guide for 2 Cavity Pistol Bullet Molds

## Introduction

Thank you for choosing the 2 Cavity Pistol Bullet Molds by Lee Precision. This guide provides essential safety instructions and guidelines to ensure the safe use and handling of your bullet molds. Please read this document carefully to familiarize yourself with the product and its safety requirements.

## General Safety Guidelines

- Ensure that the molds are used in a wellventilated area to avoid inhalation of fumes or dust.
- Always wear appropriate personal protective equipment (PPE), including safety glasses, gloves, and a dust mask, when using the molds.
- Keep molds and casting materials out of reach of children and pets.
- Do not use the molds for any purpose other than intended bullet casting.
- Regularly inspect the molds for signs of wear or damage before each use.
- Follow local regulations regarding the safe handling and disposal of lead and other materials used in bullet casting.

## Specific Safety Precautions for Use

- **Handling Hot Materials:** The molds can become extremely hot during use. Always use heatresistant gloves when handling.
- **Lead Exposure:** Lead can be hazardous to health. Avoid direct contact with lead and wash hands thoroughly after handling.
- **Fumes:** When melting lead, harmful fumes may be produced. Always use in a wellventilated area or with appropriate fume extraction.
- **Injury Prevention:** Be cautious of sharp edges on the molds and tools used in conjunction with them to prevent cuts and injuries.
- **Fire Safety:** Keep flammable materials away from the casting area. Have a fire extinguisher nearby when working with molten lead.

## Instructions for Installation and Usage

### 1. Setup:

- Place the mold on a stable, heatresistant surface.
- Ensure that the mold is clean and free from debris before use.

### 2. Melting Lead:

- Use a lead melting pot designed for bullet casting.
- Heat the lead to the appropriate temperature (approximately 650°F or 343°C) for casting.

### 3. Pouring Lead:

- Carefully pour the molten lead into the mold cavities, avoiding overfilling.
- Allow the lead to cool and solidify before removing the bullets.

### 4. Removing Bullets:

- Once cooled, gently open the mold and remove the bullets using appropriate tools.

- Inspect each bullet for defects before use.

#### 5. Cleaning:

- Clean the molds after each use to prevent buildup and ensure longevity.
- Use a soft brush to remove any lead residue and avoid abrasive materials that may scratch the mold.

## Disposal Instructions

- Dispose of any lead scraps or defective bullets according to local regulations regarding hazardous waste.
- Do not throw lead or lead-containing products in regular trash.
- Contact local waste management authorities for guidance on safe disposal practices.

## Contact Information for Further Support

For any safety inquiries or concerns regarding the 2 Cavity Pistol Bullet Molds, please refer to the manufacturer's contact information provided with the product packaging or on the official website.

By following these safety instructions and guidelines, you can ensure a safe and effective experience while using your 2 Cavity Pistol Bullet Molds. Thank you for your attention to safety, and happy casting!
