

2 CAVITY PISTOL BULLET MOLDS - LEE PRECISION 40 CLAIBER (0.401") 145GR SEMI-WADCUTTER MOLD

[Reloading](#) > [Bullet Casting](#) > [Casting Moulds](#) > [Handgun Moulds](#)

All molds for pistol calibers are double cavity to speed casting. All Lee mould blocks are made from aluminum because of the exceptional moulding qualities. The mould cavities are CNC machined for unmatched roundness and size control. Most bullets from Lee moulds can be used as cast without sizing. Handles and sprue plate are included.

Attributes

- Name: [LEE PRECISION 40 CLAIBER \(0.401"\) 145GR SEMI-WADCUTTER MOLD](#)
- Manufacturer: [LEE PRECISION](#)
- Product no.: 100032155
- Mfr. No.: 90470
- Bullet Style: Semi-Wadcutter (SWC)
- Bullet Weight (Grains): 145
- Caliber: 10mm, 40 Caliber
- Cavities: 2
- Diameter (in): 0.401
- Delivery weight: 0.386kg
- Shipping height: 51mm
- Shipping width: 76mm
- Shipping length: 279mm
- UPC: 734307904708

Safety Instruction Guide for 2 Cavity Pistol Bullet Molds

Introduction

Thank you for choosing the 2 Cavity Pistol Bullet Molds by Lee Precision. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of this product. Please read and follow all instructions carefully to avoid any potential hazards.

General Safety Guidelines

- Ensure that the bullet molds are used only by individuals who are knowledgeable and experienced in bullet casting and reloading.
- Always wear appropriate personal protective equipment (PPE), including safety glasses and heatresistant gloves, when handling the molds.
- Keep the molds away from children and unauthorized users.
- Regularly inspect the molds for any signs of damage or wear. Do not use damaged molds.
- Follow all local laws and regulations regarding the use and storage of firearms and ammunition components.

Specific Safety Precautions for Use

- **Heat Safety:** The molds can become extremely hot during use. Always handle them with care and use heatresistant gloves.
- **Lead Exposure:** Lead is a toxic substance. Avoid inhaling fumes or dust when casting bullets. Work in a wellventilated area and use a respirator if necessary.
- **Burn Hazard:** Molten lead can cause severe burns. Always keep your work area clear of flammable materials and ensure that you have a fire extinguisher nearby.
- **Handling Molten Lead:** Use appropriate tools to handle molten lead, and avoid pouring lead near other individuals or pets.
- **Storage:** Store molds in a dry, cool place to prevent corrosion and damage.

Instructions for Installation and Usage

1. Preparation:

- Clean the molds thoroughly before first use. Remove any manufacturing residues.
- Apply a suitable mold release agent to the cavities to ensure easy bullet removal.

2. Heating the Molds:

- Preheat the molds using a lead pot or another heat source until they reach the appropriate temperature for casting.

3. Casting Bullets:

- Pour molten lead into the cavities slowly and steadily to avoid splashing.
- Allow the bullets to cool completely before attempting to remove them from the molds.

4. Removing Bullets:

- Carefully open the molds and use a wooden dowel or similar tool to gently push the bullets out.

5. PostUse Care:

- Clean the molds after each use to prevent lead buildup. Avoid using abrasive materials that could damage the molds.
- Store the molds in a safe, dry place away from moisture.

Disposal Instructions

- Dispose of any lead scrap or waste according to local regulations. Do not dispose of lead in regular trash.
- Consider recycling lead materials at a certified recycling facility.

Contact Information for Further Support

For any questions regarding the safety and usage of this product, please refer to the manufacturer's contact point or website for assistance.

By following these safety guidelines and instructions, you can ensure a safe and enjoyable experience while using your 2 Cavity Pistol Bullet Molds. Thank you for your attention to safety!
