# Safety Instruction Guide for Lee Undersized Carbide Sizing Dies

## Introduction

Thank you for choosing the Lee Undersized Carbide Sizing Dies for your reloading needs. This guide is designed to provide essential safety information and instructions for the proper use of this product. Please read and understand all instructions before using the sizing dies to ensure safe and effective operation.

## General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Always wear appropriate safety gear, such as safety glasses and gloves, when handling reloading equipment.
- Keep the dies and all reloading materials out of reach of children and unauthorized users.
- Be aware of the specific cartridge types for which these dies are designed: 10 mm Auto and 40 S&W.
- Regularly inspect the dies for any signs of wear or damage before use.
- Report any unsafe products or accidents to the appropriate authorities.
- Check for recall updates on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Use only with compatible cartridges (10 mm Auto, 40 S&W) to prevent malfunction or accidents.
- Ensure that your reloading setup is stable and secure before beginning the reloading process.
- Do not exceed the recommended load limits for the cartridges you are using.
- Avoid using the dies in wet or damp conditions to prevent rust and corrosion.
- Ensure that your workspace is wellventilated to avoid inhalation of dust or fumes from reloading materials.
- Follow all safety procedures outlined in your reloading manual.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure that the reloading press is turned off and unplugged before installation.
- Insert the undersized carbide sizing die into the reloading press according to the manufacturer's instructions.
- Tighten the die securely to prevent movement during use.

### 2. Usage:

- Prepare your cartridge cases by cleaning and inspecting them for any damage.
- Adjust the die to the correct height according to your reloading manual.
- Place a cartridge case into the shell holder of the press.
- Pull the handle of the press to size the cartridge case. Ensure that the die is functioning properly during this process.
- Remove the resized cartridge case and inspect it for proper sizing.
- Repeat the process for additional cases as needed.

## **Disposal Instructions**

- Dispose of any damaged or wornout dies in accordance with local waste disposal regulations.
- Do not dispose of reloading materials or spent cartridge cases in regular household waste. Follow local guidelines for hazardous materials.

## **Contact Information for Further Support**

For any questions or concerns regarding the use of Lee Undersized Carbide Sizing Dies, please consult your retailer or visit the manufacturer's website for additional support and resources.

By following these safety instructions, you can ensure a safe and effective reloading experience with your Lee Undersized Carbide Sizing Dies. Thank you for your commitment to safety and responsible reloading practices.
