# Safety Instruction Guide for Lee Undersized Carbide Sizing Dies

## Introduction

Thank you for choosing the Lee Undersized Carbide Sizing Dies for your reloading needs. This guide provides important safety instructions and guidelines to ensure the safe use of this product. Please read this document carefully before using the dies.

## General Safety Guidelines

- Ensure that you are familiar with the proper use of reloading equipment and techniques.
- Always wear appropriate safety gear, including safety glasses and gloves, when handling reloading materials.
- Keep the work area clean and organized to prevent accidents.
- Store dies and all reloading components in a secure location, away from children and unauthorized users.
- Regularly inspect your reloading equipment for signs of wear or damage.

## Specific Safety Precautions for Use

- The Lee Undersized Carbide Sizing Dies are designed for use with the .45 Auto (ACP) cartridge only.
- These dies are .003 inches smaller than standard carbide sizing dies; ensure compatibility with your reloading setup.
- Avoid using excessive force when resizing cases, as this can lead to equipment failure or personal injury.
- Do not modify or alter the dies in any way, as this may compromise their safety and effectiveness.
- Always follow the manufacturer's instructions and recommendations for use.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure the reloading press is securely mounted and stable.
- Remove any previous dies from the press and clean the threads of the die holder.
- Carefully screw the Lee Undersized Carbide Sizing Die into the die holder until it is snug. Do not overtighten.
- Adjust the die to the desired position for proper sizing of the cartridge.

### 2. Usage:

- Begin with clean, dry brass cases. Inspect each case for defects before resizing.
- Insert the brass case into the shell holder of the reloading press.
- Pull the press handle to raise the ram, bringing the case into contact with the die.
- Apply steady pressure until the case is fully resized. Do not force the handle.
- After resizing, remove the case and inspect it for proper dimensions and any signs of damage.

## Disposal Instructions

- Dispose of any damaged or unusable dies and reloading components in accordance with local regulations.
- Do not dispose of dies in regular household waste. Check for recycling programs or hazardous waste disposal sites in your area.

## Contact Information for Further Support

For any additional questions or concerns regarding the Lee Undersized Carbide Sizing Dies, please refer to the manufacturer's website or customer support channels. Ensure you have the product information available for reference.

By following these safety instructions and guidelines, you can ensure a safe and effective reloading experience with the Lee Undersized Carbide Sizing Dies. Always prioritize safety and stay informed about best practices in reloading.
