Safety Instruction Guide for Lee Precision Universal Case Expanding Die

Introduction

Thank you for choosing the Lee Precision Universal Case Expanding Die. This product is designed to help you safely and efficiently flare the case mouth of your cartridges to accept cast bullets without shaving. Please read this safety instruction guide carefully to ensure safe use and compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Ensure that all users of this product are aware of the following safety guidelines:
 - This product is intended for adult use only. Keep out of reach of children.
 - Always wear appropriate safety gear, including eye protection, when using this product.
 - Inspect the die and all components before use to ensure they are in good working condition.
 - Follow all manufacturer instructions and guidelines for use.
 - Do not modify or alter the die in any way that could affect its performance or safety.
 - Store this product in a cool, dry place away from direct sunlight and moisture.

Specific Safety Precautions for Use

- When using the Lee Universal Case Expanding Die, please observe the following precautions:
 - Use the die only with compatible cases. This die is designed for .22 cal through .45 cal.
 - Ensure that the die is securely installed in your reloading press before use.
 - Do not exceed the maximum recommended pressure for your reloading setup.
 - Avoid wearing loose clothing or jewelry that could become caught in the machinery.
 - Keep your workspace clean and organized to prevent accidents.
 - Do not attempt to use the die if you are fatigued or under the influence of drugs or alcohol.

Instructions for Installation and Usage

1. Installation:

- Unpack the die and all included components.
- Select the appropriate neck plug for the caliber you are working with.
- Securely attach the die to your reloading press according to the manufacturer's instructions.
- Insert the neck plug into the die, ensuring it is properly seated.

2. Usage:

- Prepare your cases by cleaning and inspecting them for defects.
- Insert the case into the die, ensuring it is properly aligned.
- Operate the reloading press to expand the case mouth gently.
- Remove the expanded case from the die and inspect it for proper flaring.
- Repeat the process for additional cases as needed.

Disposal Instructions

- Dispose of any unused or defective products in accordance with local regulations.
- Do not dispose of the die or its components in regular household waste. Contact your local waste management facility for proper disposal methods.

Contact Information for Further Support

- For any safety inquiries or support regarding this product, please refer to the EUbased contact provided with your purchase.

Thank you for taking the time to read this safety instruction guide. Your safety and satisfaction are our top priorities. Happy reloading!
