Safety Instruction Guide for the Lee Very Limited Production 450 Bushmaster 4Die Set

Introduction

Thank you for choosing the Lee Very Limited Production 450 Bushmaster 4Die Set. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of your die set. Please read this document carefully before use.

General Safety Guidelines

- Always handle all reloading equipment with care and respect.
- Ensure that you are familiar with the operation of your reloading equipment before use.
- Keep the die set and all related equipment out of the reach of children and untrained individuals.
- Always work in a wellventilated area to avoid inhaling any harmful substances.
- Use appropriate personal protective equipment (PPE), such as safety glasses and gloves, when reloading ammunition.
- Be aware of your surroundings and avoid distractions while reloading.
- Regularly inspect your equipment for any signs of wear or damage and replace as necessary.

Specific Safety Precautions for Use

- **Hazard Identification:**
 - Improper use of the die set can lead to accidents or injuries.
 - Always ensure that the dies are properly installed and tightened before use.
 - Avoid overloading the dies beyond their specified limits.
- **Clear Instructions for Avoiding Hazards:**
 - Follow the manufacturer's instructions for setting up and using the die set.
 - Do not modify the die set or use it in a manner not intended by the manufacturer.
 - Keep all materials and tools organized and within reach to prevent accidents.
- **AudienceSpecific Warnings:**
 - This product is intended for use by individuals who are knowledgeable about reloading practices.
 - It is not suitable for use by children or individuals without proper training.

Instructions for Installation and Usage

1. Installation:

- Ensure that your reloading press is securely mounted and stable.
- Carefully unpack the die set and inspect all components for damage.
- Install the Full Length Sizing Die into the reloading press according to the manufacturer's instructions.
- Follow with the installation of the Powder Through Expanding Die, Easy Adjust Dead Length Bullet Seating Die, and Factory Crimp Die in the appropriate order.
- Securely attach the Universal Shell Holder to the press.
- Check that all dies are properly aligned and tightened before use.

2. Usage:

- Refer to the provided instructions and load data for specific reloading information.
- Use the Powder Dipper to measure the correct amount of powder for your loads.
- Perform a visual inspection of each cartridge after loading to ensure proper assembly.
- Store completed ammunition in a safe and secure location away from children and unauthorized

users.

Disposal Instructions

- Dispose of any unused or excess materials in accordance with local regulations.
- Do not throw away hazardous materials in regular trash. Instead, take them to a designated disposal facility.
- Recycle packaging materials when possible.

Contact Information for Further Support

For any safety inquiries or further support regarding the Lee Very Limited Production 450 Bushmaster 4Die Set, please contact your local dealer or the manufacturer directly.

Conclusion

By following these safety instructions and guidelines, you can ensure a safe and effective reloading experience with your Lee Very Limited Production 450 Bushmaster 4Die Set. Always prioritize safety and adhere to best practices in reloading. Thank you for your attention to these important safety measures.
