

VICKERS TACTICAL CARRY TRIGGER FOR GLOCK® - TANGODOWN

VICKERS TACTICAL CARRY TRIGGER GLOCK® GEN 5, BLACK

[Handgun Parts](#) > [Trigger Group Parts](#) > [Trigger Parts](#) > [Triggers](#)

The VTCT trigger assembly is molded in the exact same polymers used by Glock®, for the ultimate in reliability, durability and compatibility. All pivot pins are 17-4 Stainless Steel, and splined for maximum retention when assembled. Because Tangodown didn't CNC machine any of the assembly in aluminum with the customary hard-coat anodize finish, the VTCT won't ever get hot after a long training session. The VTCT trigger is an insulator, not a heat conductor. It won't abrade or create wear that damages the frame, possibly disabling the trigger safety. Since all of the geometry is molded in place, there are no set screws or adjustments to fail, leaving you with a dead weapon or one that 'doubles'. The VTCT is easily installed in minutes by a Certified Glock® Armorer. Flat face shape allows for proper, accurate trigger press Injection molded from same material as OEM factory trigger Won't get hot, damage your pistol frame or lose adjustment We highly recommend that this product be installed by a Certified Glock® Armorer. After any trigger work on your Glock®, trigger bar and firing pin engagement must be inspected and possibly adjusted to proper Glock® factory specification. It is your responsibility as the weapon owner/user, to guarantee your weapon is safe to carry at all times.

Vickers Tactical Carry Trigger for Glock® Safety Instruction Guide

Introduction

Thank you for choosing the Vickers Tactical Carry Trigger for Glock® Gen 5. This guide provides important safety instructions and guidelines to ensure the safe and effective use of your new product. Please read this document carefully before installation and use.

General Safety Guidelines

- Always treat your firearm as if it is loaded.
- Ensure that you have a clear understanding of your firearm's operation and safety features.
- Keep the firearm pointed in a safe direction at all times.
- Store your firearm securely and out of reach of children and unauthorized users.
- Regularly inspect your firearm and its components for any signs of wear or damage.
- Always follow local laws and regulations regarding firearm ownership and usage.
- Use only compatible accessories and parts designed for your specific firearm model.

Specific Safety Precautions for Use

- The Vickers Tactical Carry Trigger is designed for use with Glock® models 17, 19, 34, 26, and 19X Gen 5. Do not attempt to use it with other models.
- Ensure that the firearm is unloaded before attempting to install or modify any components.
- Installation should only be performed by a Certified Glock® Armorer to ensure proper function and safety.
- After installation, inspect the trigger bar and firing pin engagement to confirm they meet Glock® factory specifications.
- If you experience any malfunctions or irregularities with your firearm, cease use immediately and consult a qualified gunsmith.

Instructions for Installation and Usage

1. Preparation:

- Ensure your Glock® is unloaded and pointed in a safe direction.
- Gather all necessary tools for installation.

2. Installation Steps:

- Remove the slide from the frame of your Glock®.
- Carefully remove the existing trigger assembly according to Glock®'s factory guidelines.
- Install the Vickers Tactical Carry Trigger by following the reverse steps of removal.
- Ensure all pivot pins are properly seated and that the trigger is securely installed.

3. PostInstallation Checks:

- After installation, perform a function check to ensure that the trigger operates correctly.
- Verify that the trigger safety is functioning as intended.
- If any issues arise, consult a Certified Glock® Armorer for assistance.

4. Usage:

- When using your firearm, maintain proper trigger discipline and follow all safety protocols.
- Regularly clean and maintain your firearm to ensure optimal performance.

Disposal Instructions

- Dispose of any packaging materials in accordance with local recycling guidelines.
- If the product is no longer in use, follow local regulations for the disposal of firearm components and accessories.
- Do not discard in regular household waste.

Contact Information for Further Support

For safety inquiries and support related to the Vickers Tactical Carry Trigger, please contact the manufacturer or consult a Certified Glock® Armorer.

Conclusion

Your safety and the safe operation of your firearm are of utmost importance. By following the guidelines and instructions provided in this document, you can ensure the proper use of the Vickers Tactical Carry Trigger for Glock® Gen 5. Always prioritize safety and consult professionals when in doubt. Thank you for your attention to these important safety instructions.
